HARRY CARR, BACK FROM EUROPE, LIFTS THE LID.

"I'LL FIGHT U. S. ARMY IF NECESSARY," VILLA.

*Agua Prieta will be Mine, He Declares
on Eve of Great Battle.*

*Hungry and Thirsty Outlaw Chief Arrives with Forces
After Miles of Marching Through Desert, Defies
America and Posts His Men for Opening Onslaught
on Carranzistas Today.*

(BY A. P. NIGHT WIRE.)

SAN ANTONIO (Tex.) Oct. 31.—Maj.-Gen. Frederick Funston, commanding the Department of the South, left tonight for Douglas, Ariz., to supervise the movements of American troops in the preservation of neutrality during Gen. Villa's expected attack on the Mexican border town of Agua Prieta.

DOUGLAS (Ariz.) Oct. 31.—Gen. Francisco Villa began moving his troops into position tonight for an attack upon Agua Prieta, Sonora, opposite here, regardless, he personally declared, of any consequences or effects from the United States.

"If necessary I will fight the United States army assembled along the border," he declared, after hearing this afternoon for the first time that the American government had given permission for Carranza to transport troops from Laredo and Eagle Pass, Tex., to reinforce the garrison at Agua Prieta.

Four of these troop trains arrived tonight, bringing the total fighting men of the garrison, commanded by Gen. P. Elias Calles, to approximately 1800 men.

Villa, according to reliable estimates, has 16,000 soldiers. He claims to have 15,000 men. The battle may begin at any moment—perhaps tonight or probably tomorrow.

That it will be quickly as possible is the general opinion here, based on

the condition of his men, thousands of whom were thirsty tonight. In positions miles from water and all with scant supplies of food, according to Villa's own testimony and reports of three Mexican ranchers who arrived across the border tonight, stripped of everything they possessed.

BORDER LINE IS CLOSED.

The border line was closed tonight, but arrangements were made by United States immigration authorities to admit under guard thousands of more or less destitute refugees from Agua Prieta, whose number was augmented tonight by women and children camp followers with the Carranza contingents arriving over American territory from Laredo.

Villa's forces appeared within five miles of Agua Prieta shortly after 2 o'clock this afternoon. Fifteen hundred cavalry advanced from the slaughter ranch, eighteen miles east of here along the border.

Three thousand other troops, mounted and on foot, and driving pack animals apparently loaded with machine guns or mounted cannon, were tonight at a point four miles east of Douglas and about the same distance south of the international boundary.

Camp fires were visible tonight both

(Continued on Second Page.)

JAPS TO SEND NO ARMY BUT ARSENALS AT THE SERVICE OF ENTENTE.

(BY ATLANTIC CABLE AND A. P.) (30)

PARIS, Nov. 1 (4 a.m.)—While Japan will be unable to send troops to the European theaters of war, she will gladly assist the Entente allies as far as she can financially and lend them the support of her arsenals, according to Count Okuma, the Premier, who was interviewed at Tokio by the Matin's correspondent.

"There was talk last November of Japan forces fighting in Europe," Count Okuma is reported to have said. "To have done that we would have had to send 400,000 men, expecting to lose 200,000 of them to replace them with 200,000 more. We have not the necessary transports for we should have wanted 2,000,000 tons of shipping and our commercial fleet aggregates only 1,000,000. In the face of these figures Great Britain and France understand the impossibility of the operation."

"Our sympathies being as strong as ever, we should wish to give France our financial support at least and thus, perhaps, hasten the end of the war. Japan is not a great financial power but we have certain resources. We have just covered twice over a government loan of 30,000,000 yen (\$15,000,000) and that probably would make the issue of a second loan difficult, but to prove our sympathy for France we should be happy to give our aid, however modest."

"The impossibility of sending troops westward does not prevent us from giving the allies national and military support. Our arsenals are mobilized as in time of war. We play also the role of sentinel in the Far East, preventing our enemies from fomenting revolt among the warlike Mussulman. We also are doing everything necessary to guard against damage to the trans-Siberian railway, whereby our supplies reach Russia. The principle back of all Japanese action is that while our allies are fighting we shall not allow them to be attacked from behind."

Stores.

FAVORS BIG INCREASE IN OUR NAVY SUPPLIES.

(BY A. P. NIGHT WIRE.) (30)

WASHINGTON, Oct. 31.—Increases in the navy's store of supplies to make possible the placing of the fleet upon a war basis at a few hours' notice are urged by Rear Admiral Samuel McGowan, Paymaster General, in his annual report submitted today to Secretary Daniels. "For the last four years, the admiral says, navy ship tonnage fit for active service has increased thirty per cent, while there has been practically no increase in the value of stores on hand."

"As an example of financial economy," adds the report, "this makes an excellent showing; but it is a condition which should not be permitted to longer continue, for it is a matter of history that the issue of every great conflict has in the last analysis depended largely upon the question of supply. There should be no real difference between peace times and war times with respect to ship supply."

Admiral McGowan figures the present property investment of the navy at \$850,620,376, of which \$459,686,551 is represented in ships, \$206,635,104 in stations and equipment and \$184,298,720 in stores. The total expenditures on the navy from 1794 to 1915 inclusive is placed at \$3,214,329,641.

The report notes that use of navy colliers to carry coal to the Philippines because of the shortage of merchant charters available, effected a saving of \$57,000 for the two ship loads dispatched in 1914 and 1915. A similar saving was effected on the coal transferred in colliers to Pacific Coast stations.

DUTCH ISSUE ORANGE BOOK.

(BY ATLANTIC CABLE AND A. P.) (30)

THE HAGUE (via London) Oct. 31 (10:20 p.m.)—An orange book, issued by the Dutch government today, recapitulates official reports on a number of international questions arising out of the war.

The document denies assertions regarding the alleged violation of Netherlands territory by the Germans while they were proceeding through Belgium at the beginning of the war, which an official investigation showed to be baseless.

The orange book deals with the difficulties placed in the way of shipping and the British action in holding Dutch vessels.

RUMANIANS FOR ENTENTE.

(BY ATLANTIC CABLE AND A. P.) (30)

MILAN, Oct. 31 (via Paris, Nov. 1, 4:05 a.m.)—At a meeting of the Rumanian headquarters staff held to discuss the military policy of that country, says the Corriere della Sera's Bucharest correspondent, two-thirds of the generals declared in favor of entering the war on the side of the quadruple Entente.

Gen. Averescu, former Minister of War, was the chief advocate of intervention. Aaked by Gen. Cristescu if he believed it possible to conduct a victorious war on two fronts, Gen. Averescu replied that he not only believed it possible, but that all the necessary plans were ready.

BURGLARS LOOT A RESIDENCE.

(30)

Breaking the lock from the rear door of the residence of Mr. E. G. Comport, No. 4453 Towne avenue, early this morning, burglars looted the lower floor and made their escape with about \$200 worth of jewelry. The thieves did not reach the second floor but were frightened from the place by the return of the family.

Just after the burglary at the Comport residence Mr. E. A. Diehl of No. 37 Emulor street reported to the Boyle Heights police that his home had been entered during his absence and over \$100 worth of jewelry and clothing taken. The burglar entered the place with a pass key.

JAPAN IS SURE OF TSING-TAO.

(30)

OKUMA SAYS HIS COUNTRY IS
EXPECTING TO TAKE PART
IN PEACE TALK.

(30)

TOKIO, Oct. 31.—Japan's adherence to the agreement among the great powers of the Entente not to conclude a separate peace is regarded here as strengthening the future of the nation. Incidentally it has relieved any fear that a German refusal to cede Tsing-tau would keep Japan in a state of war after peace had been restored in Europe. Japan expects to take part in the discussion of both European and Oriental questions. Premier Okuma has informed inquiring members of Parliament, France, like the United States, it now appears, was not a party to the recent Japanese representations at Peking regarding postponement of the re-establishment of a monarchy in China.

BRITISH AFFAIRS IN BAD SHAPE; BERLIN BEGINS TO FEEL PINCH.

*Russia in Throes of a Revolution; Germans Now Base Their
Hopes on Forcing War into Egypt.*

*Kaiser has Begun to Scrape the Box for Men, While Food Prices are Commencing to Soar
in His Empire—In Midst of Greatest Crisis of Kingdom. Sleepy
Members of London Parliament Debate Trivialities.*

BY HARRY CARR.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE TIMES, Oct. 31.—Having kissed the censors good-by and returned to America I can speak out rather more freely about the war. Not that the censors are so severe; but they embarrass me. Writing one's impressions for a censor to look at is like proposing marriage to a deaf girl in a crowded street car.

I am one of a very few correspondents who have seen both Berlin and London in the bitter travail of war. I was in Germany from July 20 to September 13 and in England from September 15 to October 23. I studied conditions very carefully in both countries. As a result of this investigation I am coming home, not pro anybody or anti anything—only sick at heart that two nations as fine as the Germans and the English should be driving each other to ruin.

While in London I witnessed the sensational Zeppelin raid in the heart of the theater district. I was in London on one of the blackest days in English history when Bulgaria took up arms for Germany. I intend to deal with every one of these matters more fully in later articles, but a brief sketch of the present situation shows the following conditions:

Russia is in the throes of a revolution. It is said that six thousand persons were recently shot in Moscow and \$15,000,000 of property has been destroyed. Germany has staked her hopes on an attempt to drag the war into Egypt via the Balkans. More because of the prodigious extension of her lines through the Balkans than because of any real loss of soldiers, the Kaiser has begun to scrape the box for men. A vast soldier census has been recently taken whereby it is claimed that nearly 3,000,000 men have been located as ready for service of one kind or another. I know of several instances where they have taken men with one eye and with other physical disabilities. These will be used at military depots and for guarding lines of communication. The Germans do not appear, however, to have called out the 1916 class yet.

FOOD PRICES ARE SOARING IN BERLIN.

Food prices are soaring in Berlin. Butter is about three times the price asked at the beginning of this summer. There is a prospect that butter cards will be inaugurated like bread tickets. A house-to-house canvass has been made in Berlin in which every copper bottle and all the wheat stove stonings were confiscated. The Germans claim that this measure is taken as a precaution against a possible shortage next year. They hope to relieve all their copper needs by capturing the Serbian copper mines. Although confident of the outcome the Germans are frankly anxious to bring the war to a crisis in Egypt and a part of the campaign, if their plans are successful, will be an offensive against the allies in the Dardanelles.

The French are about to begin a new offensive in France with the intention of taking St. Mihiel by pressing in with artillery on two sides of the famous German salient at that point. The French feel none too sanguine of any very decisive ending to the war and they are very anxious to drive Germany off of French soil before the bargaining for peace begins. In order to enable the French to concentrate a sufficient number of troops to accomplish this, the English line will be gradually extended in length and the French line narrowed and deepened.

ENGLAND IN BAD SHAPE INTERNALLY.

England is in pretty bad shape internally. The fact that her war chances didn't look good to Greece was a bitter humiliation to the British. I was astonished to hear the pessimistic tone in which British officers spoke of the war after this action in the Balkans began.

The British public piles all the blame on the Foreign Office and the greater is the national dismay therefore. England has never felt a great deal of pride in her army, but the darlings of their hearts have been the diplomatic corps and the navy. To have Downing street outgeneraled by Wilhelmstrasse was a bitter pill. When I left London, it looked as though a change of government was inevitable. Terrors of abuse are thrown at Sir Edward Grey.

Thus far, the British army in this war has been a failure. The principal cause, as the army men candidly admit, has been the ignorance and lack of training of the commissioned officers—particularly the artillery officers. Later I am going to give chapter and verse for this assertion. There is a good deal of bitterness on the part of both the French and the Canadians because of the failure of the British to accomplish anything.

It seems to me that the failure of the army is due to something deeper than a mere lack of technical knowledge on the part of the officers. A nation asleep can't turn out a military machine and England is peacefully sleeping.

TOO MANY RELICS IN LONDON.

With the real affection that I have learned to have for the English people, I can say from the bottom of my heart that it would be a good thing if the next Zeppelin blew up Westminster Abbey, St. Paul's and all the rest of the relics. There are too damn many relics there. An Englishman asked me how I liked London and I told him it was one of the most entertaining cemeteries I ever visited. They show the place where Oliver Goldsmith was buried and where Henry the Eighth married some of his wives and where Queen Elizabeth and other more or less respectable persons lie mouldering in the grave, but they don't show you any skyscrapers going up. I was continually impressed in England by the fact that too many of her glories are past glories. England is old, old, old, and like old persons her mind is fixed upon trivialities and her ears are shut to the ruthless din of modernity. To a visitor of impartial mind it is appalling to hear her gabbling about nothing instead of doing something. They say firmly that England will never give up and let it go at that. I was in the House of Commons the day that the debate opened on the budget; it was a solemn and portentous moment. Somewhere without those solemn-hushed walls, 11,000,000 men were fighting; six great nations were at war, struggling against extermination. These legislators stood confronted with the prospect of voting the greatest sum of money ever written on paper. In the face of these awful questions, the house began a debate. The subject of the debate was as to whether or not picture cards were a benefit or a nuisance.

CONTROVERSY IN THE TIMES.

Later in that black week a furious controversy broke out in the London Times. The subject was not the Dardanelles nor the crisis in the Balkans. It was an excited debate between one of England's baronets and various other persons as to whether paying for one's own drinks was the custom in Yorkshire.

Another time when England was facing a fearful recruiting shortage a prominent Church of England preacher had a brilliant thought and burst into print with it. His idea of saving the country was to start a big "league for marrying broken heroes." In an excited prospectus he called attention to the fact that many blind and crippled soldiers were in need of a wife's loving care and many old maids yearned for a husband. It would be for this league to bring them together. Again one night at the theater, Miss Lena Ashwell, one of the foremost actresses in the empire, came before the curtain and made an appeal for funds to send out concert singers to entertain the men working with the wagon trains in the rear of the English army. She recited a poem written by one of these mule drivers and

(Continued on Third Page.)

SERVIANS LOSE PIROT; ARSENAL IS THREATENED.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Oct. 31.—The Serbian fortress of Pirot, described as the key to Nish, is in the hands of the Bulgarians, while the Austro-Germans, advancing from the north, are endeavoring to form a ring around Kragujevac, where the Serbian arsenal is situated. Thus, besides endangering both the Serbian war material and the town where the munitions are manufactured, the central powers, with Bulgaria, are narrowing the gap through which the Serbian army in the northeast must escape.

Simultaneously the Austrians are attacking Montenegro to remove, if possible, the danger of having an enemy army on their flank. Little has been said about the fighting between the Austrians and Montenegrins along the Drina River, but apparently it is of a most sanguinary character, as it took the Austrians, with far superior equipment, more than a week to force a crossing of the river at one point alone, that south of Vlasograd.

The Anglo-French troops are firmly establishing themselves along the southern end of the Nish railway, and, crossing into Bulgaria, have occupied the hills surrounding Strumitsa, although the capture of that town, which has been reported, is not officially confirmed.

BOMBARDMENT ON AEGEAN. The allied fleets, too, have again bombarded the Bulgarian towns on the Aegean Sea. While these efforts are some of the strain of heavily tried Serbia there is no reliable information as to the movements of the greater forces which, it is hoped, will have her. Reports continue to circulate, chiefly from German sources, of a Russian army which is to march across Rumania to the rescue. But of the British and French reinforcements no news has been received. It is possible that, in addition to direct assistance, the allies will try indirect means, whereby the Austro-Germans may be prevented from sending reinforcements to Serbia.

Italy, on her part, has already undertaken this by a general offensive and there is talk of another offensive on the western front. The Germans seem to have anticipated this, as on Saturday night they launched a general attack in Champagne over a front of about five miles in an effort to surround which the French recently took from them. They succeeded in recapturing the Butte du Thaur and according to the French account they were repulsed everywhere else, suffering extremely heavy losses, and to the north of La Meuse they actually lost one of their own trenches.

FIGHTING IN ARTOIS.

There has also been some fighting in Artois.

Despite the coming of winter there has been more activity on the Russian front. True, there has been a lull in the fighting in Courland, where the Germans have apparently failed to take Riga or Dyvinsk or to improve to any marked degree their position. It is believed that they are preparing for another drive. It must be made soon, as snow is already falling and the movement of heavy artillery is becoming more difficult.

Along the Sty the Germans are engaged in a counter offensive and have recovered some territory which Gen. Ivanoff took from them. Farther south, in Galicia, the Russians have returned to the offensive and, according to Vienna, have made unsuccessful attempts to cross the Styra. The Turks report increased activity of the allied artillery and warships in the Dardanelles.

MOTHER AND DAUGHTER DIE THROUGH SUICIDE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) (30)

BAKERSFIELD, Oct. 31.—Miss Lottie Blodgett, aged 26, a native of this city and member of a prominent family, committed suicide this morning at 6 o'clock by drinking a pint of lye. The family physician living near was summoned to the home and at once the victim was unconscious when he arrived and died in half an hour.

She was the younger daughter of H. A. Blodgett, prominent oil operator, who, by recent reverses, lost control of the Phoenix Oil and Refining Company, and her death has made a deep impression on the community. Financial and family affairs preyed upon Miss Blodgett's mind much of late and for the past week friends have secretly guarded her from such news, which they feared.

Six weeks ago her mother, one of the most highly respected women in the city, died from self-administered poison and the sight of her mother in convulsions was a serious shock to the daughter. Both deaths occurred on Sunday, and as in the case with the mother, this body will be sent to San Francisco tonight, where it will be cremated.

It is in the third tragedy to strike in the same block within a few weeks, for since the death of Mrs. Blodgett, Arthur Crites, Jr., small son of a banker living next door to the Blodgett home, had his life crushed off by an automobile.

SON TO TIE HYDES.

(BY ATLANTIC CABLE AND A. P.)

PARIS, Oct. 31.—A son was born last night to Mr. and Mrs. James

Hyde.

FRENCH THROW GERMANS BACK.

Kaiser's Troops Lose Attack on Five-mile Front.

Servia Admits the Bulgarians Take City of Piro.

Montenegrins Capture Mt. Gora from Austrians.

(BY ATLANTIC CABLE AND A. P.) PARIS, Oct. 31.—German troops in important stages made a thoroughly organized attack last night along a front of nearly five miles in the Champagne district and were subjected to a serious check with heavy losses. The French War Office announced that it is assumed that the assaulting forces were hurled back along the entire front of the attack, extending from the vicinity of Hill No. 135 to the position of "La Couronne," except that they succeeded in reaching the summit of "Butte de Tahura."

BULGARIANS TAKE PIROT.
Confirmation of the capture of Pirot by the Bulgarians is contained in an official statement by the Serbian War Office, issued under date of October 28 and received here today as follows: "Severe fighting is continuing on the Morava front while the Timok army is taking up a new position in the rear."

"The army defending Pirot was compelled to withdraw behind this city. The presence of new Serbian attacks by numerous columns succeeded in capturing the desolate of Katchnik."

Notes the northwest front the enemy, profiting by the superior number of his troops, repulsed the Serbians some kilometers to the south of Vukobrat."

"The presence of new Serbian attacks by numerous columns succeeded in capturing the desolate of Katchnik."

"Conditions on the remainder of the front are unchanged."

MONTENEGRO REPORTS.
(BY ATLANTIC CABLE AND A. P.) ROME, Oct. 31 (via Paris).—The following statement issued at Cetinje, on October 29, was given out today by the Montenegrin consulate here:

"The Austrians, having received reinforcements after the failure of their recent efforts to capture the Dvina in the vicinity of Vukobrat, again attacked along the entire front on October 25 and succeeded in passing the stream. At all other points the enemy was repulsed with heavy losses for him."

"The enemy's progress was stopped on October 27 by our occupation of Mt. Gora. The fighting is continuing."

ACCUSE SERBS OF ATROCITIES.
BERLIN, Oct. 31 (via Sarajevo, N. Y.).—Atrocities committed by Serbian regulars when evacuating Ustipaka, says the official report from Bulgarian headquarters under date of October 27, as given out today by Overseas News Agency, have been portrayed by photograph and a moving-picture record was taken in the presence of members of a mission under Lady Paet."

Lady Paet, wife of the British permanent Under Secretary for Foreign Affairs, was in Ustipaka in charge of her troops there when the Bulgarians entered the city.

WAR SPECULATOR COMMITS SUICIDE.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) NEW YORK BUREAU OF THE TIMES, Oct. 31.—Brother Richard Field, who was worth half a million dollars until he was caught short of war stocks this week committed suicide yesterday after going insolvent.

COULD NOT STAND ON FEET.
Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound had done for women."

"I showed it to my husband and he said 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway. So I took it for three months and got well and strong.'—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich."

NOT WELL ENOUGH TO WORK.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

DOUBLES MONEY FOR GUARDSMEN.

Secretary Garrison Outlines Plans for the Army.

All State Troops to be Fully Recognized.

May Join National Forces Without Losing Prestige.

(BY A. P. NIGHT WIRE.) WASHINGTON, Oct. 31.—Practically doubled Federal appropriations for the State Militia and opening of the proposed continental army to any organization or individual of the National Guard desiring to enter and free to do so, are contemplated in the army side of the administration's national defense programme.

Details of the provision to be made for the militia were made public for the first time in a statement issued today by Secretary Garrison, which said in part:

"In my proposition the membership of the National Guard is offered a basis of expansion, a full recognition and meeting every proper point of view with respect to their relationship to the matter of military policy. In other words, I propose that any and every organization of the National Guard that is free to do so as far as its State obligations are concerned, may come over into the national force intact and be accorded exactly the same position therein that it now holds."

"With respect to the National Guard in the States, the plan not only contemplates continuing the financial and personal aid on behalf of the national government, but largely increases the same, practically doubling it the next fiscal year."

CLARK SPEAKS HIS MIND.
Declares He is Against Conventions and Believes the Old System is "All Wrong."

(BY A. P. NIGHT WIRE.) SAN FRANCISCO, Oct. 31.—Cham Clark, Speaker of the House of Representatives, spoke his mind concerning national conventions here yesterday. After stating bluntly that the system was "all wrong," he continued:

"National conventions cheat the people out of their real choice and preference. The nomination of Presidential candidates."

"I wish we never had any national conventions. If we must have them there should be admitted not more than 3000 persons—say 1000 delegates and 2000 newspaper men, and a limited number of other persons. Elections should not be permitted to pack 10,000 or 15,000 voters into the hall."

Speaker Clark spent the few hours in San Francisco and left to lecture contracts throughout the State.

CUMMINS FOR SUFFRAGE.
Senator Declares He Will Vote for an Amendment by Congress to go to State Legislatures.

(BY A. P. NIGHT WIRE.) DES MOINES (Iowa), Oct. 31.—Senator Albert B. Cummins last night assured Mrs. Sara Bard Field of Portland, Or., that he not only would vote for the submission by Congress of an equal-suffrage constitutional amendment to the Legislatures of the States, but would work for it on the floor of the Senate.

Mrs. Field is the special envoy of the women voters of the West convention at San Francisco last September, and, traveling overland in an automobile, in bearing a petition containing 100,000 signatures which she will present to Congress in December.

The suffragist party were guests at a reception at the Cummins home following public ceremonies at the State House this afternoon, where W. A. Allen, on behalf of Gov. Clark, welcomed them. They will leave tomorrow for Chicago on their way East.

TO ARBITRATE HILL'S AFFAIRS.
PLYMOUTH CHURCH PASTOR IS READY FOR AIRING OF HIS BUSINESS DEALS.

(BY A. P. NIGHT WIRE.) NEW YORK, Oct. 31.—The Rev. Dr. Dwight Hill of Plymouth Church, Brooklyn, the pulpit which was once occupied by Henry Ward Beecher and Frank E. Warren, former president of the board of trustees of the church, yesterday signed a binding agreement to submit to arbitration all matters at issue between them.

Chief of these matters was a demand by Dr. Hill for an accounting for the business adventures for several years, the books and papers relating to which, it was charged, had been retained by Mr. Ferguson, Dr. Hill's business manager for several years. Discussion over this has resulted in the filing of a libel suit for \$50,000 damages against Dr. Hill by his nephew, Percy D. Hill, a legal action to have Mr. Ferguson examined prior to the contemplated filing of an action of some sort against him by Dr. Hill.

Dr. Hill and Mr. Ferguson were persuaded to adjust their differences by amicable methods by clergymen who have long been close friends of the Plymouth Church pastor.

MORE COERCION BY STRIKERS.
THEY TRY TO STOP SALE OF NEWSPAPER BECAUSE IT PRINTS THE NEWS.

(BY A. P. NIGHT WIRE.) CLIFTON (Ariz.), Oct. 31.—Pickets were placed today about one of the best patronized business establishments here because the proprietor had announced he would continue to offer for sale an El Paso newspaper which had printed an alleged untrue statement about the strike of the miners in the Clifton-Morenci-Metcalf copper district.

The statement alleged it is said that the strike would probably be broken and that the strikers were signing petitions to go back to work under old wage conditions.

Carr Back From Europe.

(Continued from First Page.)

Many Los Angeles People ARE ON THE LIST.

Names of Those Who Were Stranded in Europe at the Outbreak of the War, Received Aid to Reach Home and Neglected to Reimburse, are Published.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) WASHINGTON BUREAU OF THE TIMES, Oct. 31.—Residents of Los Angeles, Oakland and San Francisco were included in the list of delinquent debtors of the United States government in the statement given out by the Treasury Department tonight. Obviously the statement was the final card of the government in the effort to shame those who were financially aided when stranded in Europe at the outbreak of the war and thus force them to reimburse the Treasury Department for the loans made to them at that time.

THE DEBTORS.
The list of Californians and the amounts they are said to owe, as given out by the Treasury Department was as follows:

Mary Schorsch, No. 1146 East Fort-eighth street, Los Angeles, \$25; A. P. Donnell, No. 2605 North Workman street, Los Angeles, \$25; Mrs. M. H. Schnauer, care George Whipple, Merchants Exchange Building, San Francisco, \$44.13; H. G. Seed-Edmonson, No. 1315 Steiner street, San Francisco, \$25; Mrs. M. A. Sherman, care A. Borland, Crocker Building, San Francisco, \$158.98; Mary Jane Sholes, No. 1309 Steiner street, San Francisco, \$30; V. Skinner, Box 66, Fresno, \$128; J. R. Stanton, No. 247 Sanders street, Oakland, \$25; Frank Bulser, No. 1241 Pacific street, San Francisco, \$25; Mrs. M. H. Schnauer, No. 26 Edna street, Los Angeles, \$61.75; Mrs. Constance L. Barrett, No. 425 Wilton avenue, Los Angeles, \$12; James Neary, No. 29 West Nineteenth street, Oakland, \$4; Allen M. Nelson, No. 755 Waverly street, Palo Alto, \$70; Porter Newman, No. 101 Taylor street, San Francisco, \$49.69; Worts Louis Nicholas, No. 1218 Eighth street, San Francisco, \$10; William Campbell R.F.D. No. 1, Bakersfield, \$63.45; James Cochran, No. 156 Thirtieth street, San Francisco, \$24.54; Cohn, No. 22 Lemon street, San Francisco, \$47.50; Louise M. Connell, R.F.D. No. 4, Watsonville, \$100.25; San Francisco, \$74.91; Robert Rosen-thal, No. 901 Kearney street, San Francisco, \$105; Francis Porter, care D. W. Shank, Los Angeles, \$80; Leon Pinkowitz, No. 135 Fillmore street, San Francisco, \$52; August Pearson, No. 265 Steiner street, San Francisco, \$22; Ernest Hoeber, No. 14 O'Farrell street, San Francisco, \$26.71; John Hopper, Balboa Building, Los Angeles, \$111; E. MINUTE INQUIRY INTO FAY CASE.
UNSUBSTANTIATED CONFESSION IN BOMB PLOT WILL BE INVESTIGATED.

(BY A. P. NIGHT WIRE.) NEW YORK, Oct. 31.—Although the cases of Robert Fay, the confessed German bomb plotter, and four other men charged with conspiracy to blow up steamers bearing supplies to the allies, probably will be taken before the Federal grand jury next Wednesday, United States District Attorney H. Snowden Marshall said yesterday the government would not hasten prosecutions.

"Fay's associations, his purchases of explosives, experiments with bombs and his sources of financial aid, together with his previous standing in Germany," Mr. Marshall said, "are to be made the subject of minute inquiry."

"Fay's arrest, after he had been watched for weeks, was ordered because it was feared he was on the verge of making use of the bombs which he had prepared," said Mr. Marshall, "but now that we have him in custody the government will deliberately continue to investigate all his ramifications of the plot, if there were any ramifications. So far we have no evidence to show that Fay acted on other than his own responsibility."

BRITISH DROWN IN COLLISION.
HUNDRED AND FIFTY-FIVE MEN ARE REPORTED MISSING OFF GALLIOLI.

(BY ATLANTIC CABLE AND A. P.) LONDON, Oct. 31.—One hundred and fifty-five men are reported missing after a collision between the British auxiliary warship Hythe and another British warship off the Gallipoli Peninsula, in which the Hythe was sunk.

The announcement was made yesterday in an official statement by the British Admiralty as follows: "During the night of October 28-29, H.M.S. Hythe, an auxiliary warship, Lieutenant-Commander Arthur Bird, was sunk after being in collision with another of His Majesty's ships off the Gallipoli Peninsula."

"At the time of the collision she had on board about 250 men in addition to her crew."

A total of 155 men missing is given in a supplementary statement by the Admiralty which read:

"Later information received concerning the foundering of the Hythe gives the following numbers of missing: One warrant officer and nine men, military, two officers and 143 men."

TURK SUBMARINE ATTACKS SLAVS.
BATTLESHIP IS REPORTED TORPEDOED IN THE WESTERN BLACK SEA.

(BY WIRELESS AND A. P.) BERLIN, Oct. 31, (via Sarajevo).—"A Turkish submarine attacked a Russian fleet in the western part of the Black Sea and torpedoed a battleship of the Panteleimon type," a Turkish official statement under date of October 27, declares, according to an announcement by the Overseas News Agency today.

In a Russian official communication issued on October 28, in which an account was given of the bombardment of Varna, on the Bulgarian Black Sea coast by a Russian fleet, it was stated that a Russian wireless station had picked up a telegram from a German station to Constantinople asserting that a German attack had resulted in "seriously damaging a Russian battleship of the Panteleimon type." The Russian statement declared this report was utterly without foundation.

ROBERT FAY NOT IN GERMAN ARMY.
(BY ATLANTIC CABLE AND A. P.) BERLIN, Oct. 31, (via London).—A special investigation by the German military authorities concerning Robert Fay, under arrest in New York charged with conspiracy in connection with an alleged plot to blow up ships carrying supplies for the Entente allies and who has declared that he was a lieutenant in the German army, was followed by a statement from the authorities today that there is not now and never was an officer called Fay in the German army.

FAIL TO PAY GOVERNMENT.

Many Los Angeles People ARE ON THE LIST.

Names of Those Who Were Stranded in Europe at the Outbreak of the War, Received Aid to Reach Home and Neglected to Reimburse, are Published.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) WASHINGTON BUREAU OF THE TIMES, Oct. 31.—Residents of Los Angeles, Oakland and San Francisco were included in the list of delinquent debtors of the United States government in the statement given out by the Treasury Department tonight. Obviously the statement was the final card of the government in the effort to shame those who were financially aided when stranded in Europe at the outbreak of the war and thus force them to reimburse the Treasury Department for the loans made to them at that time.

THE DEBTORS.
The list of Californians and the amounts they are said to owe, as given out by the Treasury Department was as follows:

Mary Schorsch, No. 1146 East Fort-eighth street, Los Angeles, \$25; A. P. Donnell, No. 2605 North Workman street, Los Angeles, \$25; Mrs. M. H. Schnauer, care George Whipple, Merchants Exchange Building, San Francisco, \$44.13; H. G. Seed-Edmonson, No. 1315 Steiner street, San Francisco, \$25; Mrs. M. A. Sherman, care A. Borland, Crocker Building, San Francisco, \$158.98; Mary Jane Sholes, No. 1309 Steiner street, San Francisco, \$30; V. Skinner, Box 66, Fresno, \$128; J. R. Stanton, No. 247 Sanders street, Oakland, \$25; Frank Bulser, No. 1241 Pacific street, San Francisco, \$25; Mrs. M. H. Schnauer, No. 26 Edna street, Los Angeles, \$61.75; Mrs. Constance L. Barrett, No. 425 Wilton avenue, Los Angeles, \$12; James Neary, No. 29 West Nineteenth street, Oakland, \$4; Allen M. Nelson, No. 755 Waverly street, Palo Alto, \$70; Porter Newman, No. 101 Taylor street, San Francisco, \$49.69; Worts Louis Nicholas, No. 1218 Eighth street, San Francisco, \$10; William Campbell R.F.D. No. 1, Bakersfield, \$63.45; James Cochran, No. 156 Thirtieth street, San Francisco, \$24.54; Cohn, No. 22 Lemon street, San Francisco, \$47.50; Louise M. Connell, R.F.D. No. 4, Watsonville, \$100.25; San Francisco, \$74.91; Robert Rosen-thal, No. 901 Kearney street, San Francisco, \$105; Francis Porter, care D. W. Shank, Los Angeles, \$80; Leon Pinkowitz, No. 135 Fillmore street, San Francisco, \$52; August Pearson, No. 265 Steiner street, San Francisco, \$22; Ernest Hoeber, No. 14 O'Farrell street, San Francisco, \$26.71; John Hopper, Balboa Building, Los Angeles, \$111; E. E. Horner, No. 3034 Tremont street, Berkeley, \$50; Hugo Eugene Koch, Box 68, Bakersfield, and No. 20 Main street, Los Angeles, \$20; Joseph K. WINTER TOURIST CROP WILL BE A GREAT ONE.
Bringing Gold.

WINTER-TOURIST business is to set in unusually early this year, and is to be heavy. So state traffic men and tourists' agents, after careful investigation of prospects.

"I am convinced that business will be better this winter than it was last, in spite of the lumber that came out here early to be on hand for the opening of the exposition," said General Passenger Agent McGinnis of the Southern Pacific yesterday.

"We have assured bookings of 5000, and perhaps will get 5000, from Middle Canada," said T. Z. Meals, who specializes in this business. "My agent at Winnipeg reports bookings of well over 500 persons to date. Most of these will stay from six to six months and many of them will not return, for the high taxes and the prospect that they will go higher are driving them out."

Regarding the early ripening of the tourist crop, Mr. McGinnis stated that the people that usually go to Europe are the people that are going to visit the hotel lounging lists this year, and they always go early.

"They are the real leisure class," said McGinnis.

As winter always sets in early in Canada, the southward-bound migration begins correspondingly early. For some years now, California has been getting an increasing number of wealthy Canadians as winter residents, particularly from the prairie provinces and British Columbia.

"We have been hearing a good deal about hard times in Canada," said Mr. Meals, "and that is the reason that many wealthy Canadians will pull up stakes this winter, particularly as they can get out with good crop money in their pockets. I don't believe that I ever saw prospects better for California."

Dr. Sigmund Hecht

Dr. Sigmund Hecht, Supervisor of the American Union of Hebrew Congregations writes on "Thrift."

IN this age of boasted progress, in this age in which every one who is worth while, puts forth his best efforts to raise the standards of life, there is perhaps nothing that is more promising than the cultivation of THRIFT.

Thrift may be differently defined by different people, but all must agree that it is the indispensable requirement of prosperity. Thrift appeals or should appeal to the young as to the old, to the woman as to the man, to the affluent as to the man of moderate means, to the capitalist as to the sturdy man of toil. Thrift means to live within one's means, and not beyond them; it means prudence, it means foresight, it means economy, and all these make for prosperity. General prosperity secured by thrift reacts from the community to the individual, and from the individual to the community.

Main 5441. Home 4075. Rooms 408-10, 128 West Third Street**Cold Weather Rheumatism**

Why should rheumatism, a disease of the blood, be worse in cold weather than in summer?

The rheumatic poison in the blood is the predisposing cause of the disease. If you have the latent in your blood you may have rheumatism whenever the exciting cause stirs it to action. Cold weather and dampness are exciting causes of rheumatism. They excite to action something already in the blood, something that you must get rid of if you would be free from rheumatism. What this something is, nobody knows. Not very long ago it was thought to be uric acid. Many doctors now think it a microscopic organism or a specific bacillus, but they cannot find the bacillus. It is a known fact that in rheumatism the blood becomes thin rapidly, that building up the blood relieves the rheumatism and that there will be no return of the rheumatism as long as the condition of the blood is maintained. Dr. Williams' Pink Pills are recommended for rheumatism because they keep the blood rich and red and free from rheumatic poisons. The free book, "Building Up the Blood," tells all about the treatment. Send for a copy today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

LASSEN PEAK BELCHES SMOKE.
ERUPTION IS ACCOMPANIED BY EARTHQUAKE THAT ALARMS THE RANCHERS.

(BY A. P. NIGHT WIRE.)
REDDING, Oct. 31.—Lassen Peak, which broke into eruption last night, was still smoking early today and about noon, for half an hour, emitted clouds of smoke said to be the heaviest since last May and only slightly less dense.

Today's eruption was accompanied by earthquakes and the ranchers, who still remain in Hat Creek Valley, are reported to have been considerably alarmed. The weather was unusually clear and the peak's latest activity was plainly visible from Redding.

BOOKS WANTED FOR BELGIANS.
(BY A. P. NIGHT WIRE.)
NEW YORK, Oct. 31.—An appeal for books for Belgian soldiers detained in hospitals, detention camps and for honor committee appointed for the purpose in this country with headquarters in this city. The members of the committee include Emmanuel Haverth, the Belgian Minister at Washington; Joseph H. Choate, Charles J. Bonaparte, Rev. J. F. Sullivan, and a large number of other prominent citizens.

Books in English, especially works of travel and novels, history or electricity, mechanics and motoring also, are asked for.

REDMOND DEFENDS IRISH SOLDIERS.
(BY ATLANTIC CABLE AND A. P.)
LONDON, Oct. 31.—John Redmond, the Nationalist leader, in a letter made public tonight in reference to statements which have been made to the effect that the Irish soldiers are emigrating to escape conscription, quotes the figures of 1912, 1914 and 1915 showing "that Irish emigration has dropped in the most remarkable degree, at least 50 per cent, and the decrease continues."

He adds that similar statements regarding emigration from Great Britain will be found on investigation to be equally devoid of foundation.

TABLET TO STEVENSON.

November is Expected to be Banner Month of Fair.

President Wilson and Bride may be Among Visitors.

Grand Programme of Sports for Thanksgiving Day.

(SPECIAL CORRESPONDENCE.)
EXPOSITION GROUNDS, SAN FRANCISCO, Oct. 31.—With December 4th, and the closing day of the exposition just five weeks away, enthusiasm and interest are rife both East and West as well as North and South in the programme for November.

Which instead of dwindling away into nothingness, from all prospects will be the gala month of the entire festival period.

Beginning with the very first day of the month every day is just chock-a-block full of things to delight the demands of old and young, rich and poor. On that day the World's Light Harness Races begin, to last almost until the end of the month. Altogether there will be \$100,000 in prizes given away, and horsemen and sportsmen from all parts of the country will be in San Francisco to enter horses and to enjoy the races.

The first week of November is agricultural week with Middle West Farmer's Day on November 1. According to railroad bookings at least 15,000 agriculturists from this side of the Mississippi will come to San Francisco to participate in the conventions, lectures and livestock and agricultural events.

November 2 is expected to be the day of the fair. Already over 50,000 tickets have been sold with a promise of almost the same number of tickets to be sold for every day of the State and a programme that will make San Francisco Day a life-long memory in the heart of every one who attends, whether he be native or stranger.

It is hinted that President Wilson and his bride may happen along towards the last of the second week in November. This alone will be sufficient to create a magnificent climax for the closing days of the exposition. A tentative programme has been arranged in case this most ambitious of all exposition dreams comes true. The committee will do honor to our honored chief executive and his beautiful bride.

Sheep shearing contests, international wool selling and sorting contests, Poland China Get Together Day, Food and Shelter, Broilers' Convention, American Miteh Goat Record Meet, John Sharp Williams Day, Forestry Day, Zone of Plenty Day, Civil Engineering Day, Hampshire Swineherd Day and Knights Templar Field Day are just a few of the events planned to take place between November 1 and November 7.

The second week is just as full of good things as the first. Sheep, goats, swine and all of the features connected with their raising will be taken up in connection with contests. The great event of November 8 will be American Federation of Labor Day at which a record attendance is expected.

HAWAII TO SHINE.
November 10 will be Hawaiian Pineapple Day, when in the Palace of Horticulture and in the Hawaiian Bazaar there will be special ceremonies with a distribution of free pineapples. On the same day the National Guard will assemble for a general merry-making, the ceremonies being prefaced by a drill in which several thousand militia will take part.

On Friday, November 13, the Panama-Pacific International Exposition Book-Tourism begins to last for several days. Entries from countries and provinces are being received and splendid contests. The American Berkshire Congress convenes throughout the week and on Saturday, November 13, the National Grange will gather together for a day of discussion and

PACIFIC COAST SCHOONER IS BUFFETED IN GALE.

After Losing Her Anchors She Drifts into the Breakers, Is Hauled Out, but the Line Parts and the Wallowers in Sea Until Mine Layer Arrives.

(BY A. P. NIGHT WIRE.)
BERKELEY (Wash.), Oct. 31.—The schooner Annie Larson, which was picked up in the breakers tonight, twenty miles north of the entrance to San Francisco Harbor by the tug Daring, broke loose later and drifted to sea before being picked up today by the United States mine laying steamer Maj. Samuel Ringgold. The schooner is being towed to Gray's Harbor.

Annie Larson, which was first observed anchored five miles off shore, lost one of her anchors and drifted to within two and a half miles of shore before the Daring reached her and got her aboard. The Daring attempted to tow her to port but the line parted in the gale and the schooner then drifted away during the night.

Tonight a wireless message was received from the Ringgold saying that the schooner had been picked up by the schooner and expected to arrive with her off Gray's Harbor tomorrow morning.

The schooner was badly battered by the gale but all aboard were reported safe.

RATES ON CANAL TO BE UNCHANGED.

PRESENT TARIFFS TO STAND UNTIL SLIDING SCALE IS FIXED.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Oct. 31.—A continuance of the present flat rate of \$1 per ton for freight carried across the isthmus of Panama by the Panama Railroad until an investigation has been made on the question of establishing a new sliding scale of from \$2.50 to \$13 per ton, was announced here yesterday when the contents of a telegram from Secretary of War Garrison to Senator James D. Phelan were made public.

This action, according to shipping circles, will have several important lines from a complete change of their shipping arrangements and will permit the Luckenbach Steamship Company, which operates a large fleet of steamers between San Francisco and New York, to continue its service. The company recently announced it would go out of business if the new rates were enforced.

Word of the decision of the War Department came to Senator Phelan in these words: "In view of the many questions involved in changing from one rate to another, the Secretary of War has directed that the \$3 emergency rate for the transfer of freight across the isthmus stand, until the question of the proper rate for the Panama Railroad can be investigated and properly determined."

Hundreds of telegrams of protest, it is said, have been received by President Wilson recently from shipping interests and civic organizations. It was pointed out in these that the increase in freight would mean a charge of \$8 to \$7 a ton "a prohibitive tariff."

WOMEN WELCOME LADY ABERDEEN.

TITLED BRITISHES TO PRESIDE OVER GREAT MEETING.

International Congress, which will discuss plans for furthering the Peace of the World, to Meet in San Francisco Today. Many Notable Speakers to be Heard.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Oct. 31.—Lady Aberdeen was welcomed on her arrival in San Francisco today, not as the wife of a distinguished nobleman, the Earl of Aberdeen, formerly Lord Lieutenant of Ireland, who accompanied her, but as one of the world's greatest women and most effective workers. She came here to preside over the sessions of the International Congress of Women, which opens tomorrow and will be in session throughout the week.

The Aberdeens were accompanied by Mrs. W. E. Sanford of Hamilton, Ontario, a prominent civic and social betterment worker of Canada. The International Congress of Women is an organization of representative clubwomen of many lands, recruiting its membership chiefly, however, from England, Canada and the United States.

The discussion of plans for furthering the peace movement throughout the world will be one of the principal topics of the congress at which speakers of international note are on the programme to take part.

The time that Lady Aberdeen is able to spare from her duties as presiding officer of the congress will be taken up with the many social and entertainment that have been planned in her honor. Earl and Lady Aberdeen will be special guests at the Panama-Pacific Exposition, the officials of which will present a commemorative medal to Lady Aberdeen, the first woman to be so honored.

There will be no peace plans discussed at the international congress, as announced, if Lady Aberdeen has her way. "I am told," she said, "that it has been given out that some sort of a peace plan for the European war is to be discussed at the congress. Peace has been discussed plentifully in San Francisco this year, I am told, so we will confine ourselves strictly to our philanthropic work."

Attempts to secure expressions on the situation in England were quickly parried by the distinguished visitors. "We have been away too long," the Earl said, "for our opinions to be accurate. If I should discuss some of the problems of the government officials are trying to solve, they would be likely to say: 'Why can't Aberdeen keep his mouth shut?'"

Close Call.**ANNIE LARSON IS PICKED UP.**

After Losing Her Anchors She Drifts into the Breakers, Is Hauled Out, but the Line Parts and the Wallowers in Sea Until Mine Layer Arrives.

(BY A. P. NIGHT WIRE.)
BERKELEY (Wash.), Oct. 31.—The schooner Annie Larson, which was picked up in the breakers tonight, twenty miles north of the entrance to San Francisco Harbor by the tug Daring, broke loose later and drifted to sea before being picked up today by the United States mine laying steamer Maj. Samuel Ringgold. The schooner is being towed to Gray's Harbor.

Annie Larson, which was first observed anchored five miles off shore, lost one of her anchors and drifted to within two and a half miles of shore before the Daring reached her and got her aboard. The Daring attempted to tow her to port but the line parted in the gale and the schooner then drifted away during the night.

Tonight a wireless message was received from the Ringgold saying that the schooner had been picked up by the schooner and expected to arrive with her off Gray's Harbor tomorrow morning.

The schooner was badly battered by the gale but all aboard were reported safe.

RATES ON CANAL TO BE UNCHANGED.

PRESENT TARIFFS TO STAND UNTIL SLIDING SCALE IS FIXED.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Oct. 31.—A continuance of the present flat rate of \$1 per ton for freight carried across the isthmus of Panama by the Panama Railroad until an investigation has been made on the question of establishing a new sliding scale of from \$2.50 to \$13 per ton, was announced here yesterday when the contents of a telegram from Secretary of War Garrison to Senator James D. Phelan were made public.

This action, according to shipping circles, will have several important lines from a complete change of their shipping arrangements and will permit the Luckenbach Steamship Company, which operates a large fleet of steamers between San Francisco and New York, to continue its service. The company recently announced it would go out of business if the new rates were enforced.

Word of the decision of the War Department came to Senator Phelan in these words: "In view of the many questions involved in changing from one rate to another, the Secretary of War has directed that the \$3 emergency rate for the transfer of freight across the isthmus stand, until the question of the proper rate for the Panama Railroad can be investigated and properly determined."

Hundreds of telegrams of protest, it is said, have been received by President Wilson recently from shipping interests and civic organizations. It was pointed out in these that the increase in freight would mean a charge of \$8 to \$7 a ton "a prohibitive tariff."

WOMEN WELCOME LADY ABERDEEN.

TITLED BRITISHES TO PRESIDE OVER GREAT MEETING.

International Congress, which will discuss plans for furthering the Peace of the World, to Meet in San Francisco Today. Many Notable Speakers to be Heard.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Oct. 31.—Lady Aberdeen was welcomed on her arrival in San Francisco today, not as the wife of a distinguished nobleman, the Earl of Aberdeen, formerly Lord Lieutenant of Ireland, who accompanied her, but as one of the world's greatest women and most effective workers. She came here to preside over the sessions of the International Congress of Women, which opens tomorrow and will be in session throughout the week.

The Aberdeens were accompanied by Mrs. W. E. Sanford of Hamilton, Ontario, a prominent civic and social betterment worker of Canada. The International Congress of Women is an organization of representative clubwomen of many lands, recruiting its membership chiefly, however, from England, Canada and the United States.

The discussion of plans for furthering the peace movement throughout the world will be one of the principal topics of the congress at which speakers of international note are on the programme to take part.

The time that Lady Aberdeen is able to spare from her duties as presiding officer of the congress will be taken up with the many social and entertainment that have been planned in her honor. Earl and Lady Aberdeen will be special guests at the Panama-Pacific Exposition, the officials of which will present a commemorative medal to Lady Aberdeen, the first woman to be so honored.

There will be no peace plans discussed at the international congress, as announced, if Lady Aberdeen has her way. "I am told," she said, "that it has been given out that some sort of a peace plan for the European war is to be discussed at the congress. Peace has been discussed plentifully in San Francisco this year, I am told, so we will confine ourselves strictly to our philanthropic work."

Attempts to secure expressions on the situation in England were quickly parried by the distinguished visitors. "We have been away too long," the Earl said, "for our opinions to be accurate. If I should discuss some of the problems of the government officials are trying to solve, they would be likely to say: 'Why can't Aberdeen keep his mouth shut?'"

After a terrific hand-to-hand fight in which guns were not discharged, Patrolman Hart, a giant negro, who had been charged with the murder of a white man, was killed by Patrolman Moulton. The negro was shot in the back of the head and fell to the ground. The patrolman then searched the body and found a revolver. The negro was then taken to the hospital and died. The patrolman was then promoted to sergeant.

Several nights ago the South Olive street was lit up by a fire. The fire was caused by a gas leak. The fire spread to the adjacent buildings and caused a great deal of damage. The fire was extinguished by the fire department. The cause of the fire was found to be a gas leak from a pipe. The pipe was repaired and the fire was prevented from spreading.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD.

Fifty-sixth Wedding Anniversary.
Rev. E. F. and Mrs. Rayner will be host and hostess at a reception to their friends at their residence, No. 1415 West Twenty-third street, Wednesday afternoon, 2 o'clock, in celebration of their fifty-sixth wedding anniversary. The function will last from 2 to 5 o'clock. Refreshments will be served.

When He Rode the Goat.
"The Night He Rode the Goat," a lodge extravaganza, will be presented by the members of America Lodge No. 238, I.O.O.F., at the Grand Theater Friday evening. The piece presents the awful results of trying to keep lodge secrets from your wife and mother-in-law.

United Civil Service.
John C. Mahan has addressed a letter to the City Council and the Board of Civil Service Commissioners of the city complaining of the treatment accorded him at a recent hearing before the office of the Civil Service Commission during a board meeting. He objects chiefly to the dense tobacco smoke and the character of the language in evidence at the time.

Bank Day at Ad Club.
Tomorrow will be Bank Day for the Los Angeles Ad Club. At the club luncheon at the Clark at noon Stoddard Jess, vice-president of the First National Bank, and H. A. McKee, cashier of the National Bank of California, will speak on banks and banking. E. G. McWilliams of the Security Trust and Savings Bank, will be chairman of the day.

Motion-picture Luncheon.
The local representatives of the Mutual Film Corporation will tender a luncheon to 144 motion-picture exhibitors at Christopher's, No. 741 South Broadway, at 1:30 o'clock today in honor of S. L. Rothapel, former manager of the Strand Theater, New York, who is making a tour of the country in the interests of the film industry. Mr. Rothapel will address the film men, laying stress on the necessity of advertising their houses as individuals, rather than boosting any particular picture. On his return to New York Mr. Rothapel will become manager of the Strand Theater at Forty-second and Broadway, the largest motion-picture house in the world, now in process of building.

SOLDIERS' HOME
UNDER SCRUTINY.NATIONAL OFFICERS ARE GOING
OVER BOOKS IN FORMAL
INSPECTION.

(LOCAL CORRESPONDENCE.)
SOLDIERS' HOME, Oct. 31.—Maj. W. P. Jackson, inspector-general, U.S.A., now on his annual tour on behalf of the War Department—in inspection of homes and army posts, arrived at this place yesterday, and without loss of time began his work at the hospital, and is today inspecting members in barracks.

His co-laborer in the inspection, L. J. Friedman, special accountant of the War Department, is already at work on the books of the various departments of the home.

CUTS HIS THROAT.
John T. Smith, a veteran member of Home Company L, chokes an unrequited spot in the northern part of the home for cutting his throat, on Thursday. He was discovered by some of the hands engaged in a neighboring walnut grove, and conveyed to the home hospital. Everything possible was done at first with some slight hope that he passed away at 10:30 o'clock last night.

HAND MASHED.
Ronald Moore, chief pension clerk at the home, has been notified of the serious condition of his father, Maj. E. W. Moore, former treasurer of the home and now of Van Nuys, who nearly lost his left hand while "jacking" his automobile for repairs. The attending physician for a time feared gangrene would result. He is now reported as out of danger.

DR. HASSE FUNERAL.
The funeral services of Maj. H. E. Hasse, until ten years ago, chief surgeon of this branch, will be held at the home chapel at 2 p.m. Monday, November 1. Chaplain of the home, Rev. Eli McNish, D.D., will conduct the service. Burial will be in Inglewood cemetery.

CHURCH STARTS
GREAT CANVASS.FIRST CHRISTIAN MEMBERS IN
MANY VISITS.

Hundred Volunteers in Fifty Autos Spend Afternoon in Visiting the Homes of Those Who Have Joined the Church, to Stir Them into Steady Attendance.

The First Christian Church yesterday initiated an every member canvass, starting out 100 men, in fifty automobiles, to cover the territory from Glendale to the sea. Preparations for the canvass were in progress for the past month.

Each pair was to visit eight homes. The special objects of the canvass were to accomplish a mutual acquaintance of the members, a more regular weekly attendance and greater interest in the work of the church, and a weekly pledge from scores of members who have not, hitherto, helped financially. The canvassers will report at a meeting to be held in the church Wednesday evening.

The members making the canvass started out after a luncheon served in the banquet hall of the church.

The feature of the morning service under the direction of Rev. Russell P. Thompson, pastor, was the reading by W. H. Wagner of a short history of the church.

Other interesting subjects in the special service were "Personal Responsibility," by S. M. Cooper; "The Dignity of Service," by Leon V. Shaw, and "The Grace of Giving," by J. G. Warren. The opening prayer was led by Elvin J. Curry and R. R. Crabtree officiated at the communion table.

Mr. Wagner, who read the history of the church, is one of the oldest members in point of service, in the congregation. This structure was organized in 1875, and the first home for the institution erected in 1883 at Temple and Fort (now Broadway) streets. This structure was occupied until the present office was erected in 1894.

SALOON MEN AGAIN LOSE.
(BY A. P. ROBERT WELLS.)
CHICAGO, Oct. 31.—A second appeal for an injunction to restrain Mayor Thompson from interfering with saloons on Sunday was denied by Judge Windes in the Circuit Court here yesterday. The injunction sought was to prevent interference with the sale of tobacco, cigars and soft drinks.

We Are Painless Dentists

And yet there are people who go to their dentists, with an air of apprehension for their pain to his chair and sit in justified fear and trembling while he probes and pricks and cleans and sears and hurts, and then they wonder why they have not been made to appreciate the fact that the dentist is a healer, and not a torturer.

Dentists, 444 South Broadway, Third Floor, Parsonage-Dentman Building.

ONCE IN THE
WORLD'S HISTORY

INDESTRUCTO Trunks are eleven years old. In that time they have revolutionized the trunk business. \$125,000 was spent in redeeming trunks that failed to stand up to the now world famous five-year guarantee when it was first put in force. As a result of that experience INDESTRUCTO Trunks were finally so highly perfected that they stand up strong on this iron-clad, long term guarantee.

Now upward of a quarter of a million INDESTRUCTO Trunks are rounding the earth defying all elements of destruction, giving the utmost of service to that great number of owners, and making absolutely good on the only guarantee of the kind that was ever known.

345-347 and 529-527Many People to Be
Benefited by a
New Kind of
Bread

In Southern California we live much closer to nature than do people in most urban communities. The benefits we derive from our outdoor life and close contact with nature are of inestimable value to us as individuals as well as to the community at large.

We are a bigger, broader, better, and healthier race of people for it.

We have, however, brought with us from the pent-up East some of the customs and ailments of modern living that could be changed to the advantage of our health and well-being, and the opportunity to accomplish one such change is presented in a new—though it should be old—"back to nature" way of making bread.

Those who are trying to get away from many of the conditions and effects of much modern bread making will now find relief and benefit in this new bread. More than that, they will find a most appetizing food that they can relish and enjoy quite free from all fear as to any unfavorable consequences from doing so.

This new bread is made in an old-fashioned way—by the old sponge method. The crowding of the process and the excessive fermentation found in the modern way of making "white bread" is eliminated. Two-thirds less yeast is used. No lard, no molasses, a very small amount of sugar, no coloring matter and no shortening enter into the making of this natural food. It has none of the dark, coarse, heavy and soggy effects so often seen in efforts to make natural breads. It is fine-grained, has a good taste, and a pleasing appearance.

Because the bread is prescribed by physicians for various stomach, bowel, kidney, and other ailments does not mean that it is for ill people only. It is nature's proper interpretation of the state of life. It is quite as desirable for well people as for the ill. It is a bread which contains the whole of the wheat. The germ and all the nutritious and health-giving parts of the kernel are left in. It has neither the starchiness and high fermentation of white breads nor the coarseness, sogginess, and tastelessness of many dark breads. It has a rich brown crust, a fine texture, and an appetizing creamy color.

The Pacific Baking Company of 1602 Tennessee street is always searching for all that is best in the making of pure and perfect breads.

When it finds a highly worthy product it is quick to get it for the benefit of its large Southern California trade. This company is the exclusive maker of this new bread and is putting it out to fill a genuine need that will become a demand as soon as people understand the value of the bread.

The bread may be bought at nearly all groceries. It is just now being placed on the market. Try it and then tell your friends the difference between it and other breads similar in name.

In ordering ask for WHOLE WHEAT HEALTH BREAD made by the PACIFIC BAKING COMPANY—makers of "HOLSUM" products.

MORE RIFLES THAN BIBLES.

Army, Navy in Bad Spiritual Way, Says Chaplain.

G.A.R. Religious Head Back from Official Tour.

Appeal to Federal Council of Churches Planned.

A visit to fifteen military posts and naval stations in various parts of the country has convinced Rev. Orville J. Nave, Chaplain-in-Chief of the G.A.R., that Uncle Sam is neglecting the religious life of his soldiers and sailors. He returned yesterday with a voluminous note-book of data which will be made the basis of an earnest appeal to the Federal Council of the Churches of Christ in America.

"In some of the posts I found conditions heathenish so far as Christian worship is concerned," Chaplain Nave declared yesterday at his home, No. 1345 South Grand avenue. "I find no one of the posts visited did I find a chaplain. I will appeal to the churches of America to turn their attention to this rich missionary field."

It was as the religious head of the Grand Army of the Republic, president and field secretary of the Chaplain's Association and president of the Association for the Promotion of the Religious Welfare of Our Soldiers and Sailors that the veteran soldier and religious leader undertook his important mission. He left Los Angeles September 23, going first to Washington, D. C., where he attended the forty-ninth annual encampment of the G.A.R. The generosity of E. L. DeBary made the trip possible.

"BOSTON HEATHEN." Even in cultured Boston, Chaplain Nave found the soldiers and sailors neglected spiritually. He found three military posts near Boston, Mass., where there were no religious services. The wife of one of the officers declared, "We live like heathens here without church services, Sunday-school or religious meetings of any kind." The same unsatisfactory conditions were found at military headquarters around Newport.

At Jefferson Barracks, near St. Louis, where there are about 2000 men, religious services are conducted only occasionally and without any definite system, says the chaplain. The religious atmosphere at Fort Logan, near Denver, is better than the average. Religious worship is conducted there regularly by the Presbyterian Church.

Conditions at the naval training station were found to be satisfactory.

(Continued on Third Page.)

"Army Post Conditions are Heathenish"

Rev. Orville J. Nave, Chaplain-in-Chief of the Grand Army of the Republic, secretary of the National Chaplains' Association and president of the Association for the Promotion of the Religious Welfare of Our Soldiers and Sailors, who returned from his official inspection trip yesterday.

DRY CAMPAIGN FORMALLY LAUNCHED BY CHURCHES.

THE 1916 California Dry campaign was officially ushered in yesterday with verbal exhortation from about 1200 pulpits of the State. More than 10,000 copies of two petitions to place two anti-liquor amendments on the ballot at the State election next year were circulated following brief addresses by the ministers.

It was estimated at headquarters of the southern department of the California Campaign Federation that approximately 25,000 signatures were secured during the day. Officials of the prohibition movement hope to secure at least 150,000 signatures before filing the petition. About 40,000 genuine signatures are needed. The circulation of the petitions is but the opening shot of what is expected to be the hottest fight ever waged by the "dry" forces in any State.

According to statements emanating from the leaders of the dry movement the fight will be waged through the columns of their papers, from pulpit and soap box, on bill boards, by street car posters and motion pictures and in diverse manners yet to be thought of.

THE AMENDMENTS. It is proposed to place before the voters two amendments to be known respectively as Article No. 24 and Article No. 24-A. The first amendment would prohibit the sale or receipt of liquor for any purpose except medicinal, sacramental, scientific or mechanical use and if passed will go into effect January 1, 1920.

The second amendment would prohibit the sale of liquor in all places except pharmacies or at the place of manufacture. It also prohibits the delivery of liquor except to common carriers, pharmacists or consumers and then in quantities not less than two gallons. If passed, the second amendment will go into effect January 1, 1918.

The prohibition would be effective against apothecaries, mail or vinous liquors or any other liquor or mixture of liquors containing more than one-half of 1 per cent. volume of alcohol unless the mixture contained drugs or ingredients such as to prevent its use as a beverage. Every effort has been made in the wording of the proposed amendments to forestall any technical objection being found which would prevent either measure from becoming effective if passed.

Violators of either amendment would be punished by a fine not exceeding \$1000 or by imprisonment in the County Jail not exceeding a year, or by both such fine and imprisonment. A second offense would be punishable by a fine of not less than \$200 nor more than \$2500 and by imprisonment of not less than thirty days nor more than a year. All liquor found in the possession of any convicted person shall be forfeited.

(Continued on Third Page.)

MANY TONGUES PRAISE LUTHER.

Anniversary of Reformation Notable Event Here.

Warring Nationalities Join in Honoring Churchman.

Plan a Greater Celebration Two Years Hence.

Whatever feeling may exist between local representatives of the great warring nationalities of Northern Europe and of those now hovering on the brink of the mighty struggle was laid aside yesterday when all the Lutheran churches of Los Angeles—comprising half a dozen nationalities and as many tongues—joined in a great celebration of the 398th anniversary of the beginning of the Protestant Reformation by Martin Luther. Thirteen local churches participated and in the afternoon there was a joint meeting and celebration at Trinity Lutheran Church, marking the culminating point in the day's festivities.

Unusual interest was taken in the celebration owing to the near approach of the 40th anniversary of the founding of the great church, for which plans are progressing. It is expected to be an epochal event in which 75,000,000 Protestants in every corner of the universe will be more or less directly interested, the Lutheran churches having that many members.

At least five nationalities are represented in the Lutheran churches of this city: the Danish, Norwegian, Swedish, German and English having individual places for worship.

TRIBUTES TO LUTHER. Reversing the memory of the noted divine and educator, pastors of the various churches paid high tribute to the man in specially prepared sermons.

We have two important dates in October to remember, said Rev. A. E. Michel, pastor of Trinity Lutheran Church. "Columbus discovered America October 12, 423 years ago and Martin Luther began the Reformation October 31, 398 years ago. Columbus set up a cross and the ensign of Spain signifying that church and State were under control, namely that of the church, by which untold misery came to the end. But Luther has the credit more than any other man of bringing it about that we now have in this country separation of church and State to the advantage of both. Now we may worship God to the dictates of our own conscience and no man-made laws can rule in the church—only the word of our God. Let us thank God and cherish the blessed heritage which we have."

Rev. M. H. Tietjen, pastor of Emmanuel Lutheran Church, said the basis of Luther's final stand and firm resistance to the reactionary forces of his day was his belief that "it is not advisable to act contrary to the dictates of conscience." The pastor said this made Luther unconsciously a hero when in accordance with it he uttered the famous words at the Diet of Worms in 1521. "Here I stand, I cannot do otherwise. God help me. Amen." It did more. It broke the shackles of the Middle Ages and set the world straight on its path to freedom.

Rev. G. H. Runkel, pastor of St. John's Lutheran Church, speaking on "Luther and Education," summarized by a quotation from the great leader's writings in 1520 wherein he urges the responsible parties to establish elementary schools. He says, "How much, honored sirs, are you not ashamed to let your children be ignorant and illiterate? Now tell me, would it not be a most desirable investment to devote some of the money you have saved to found schools as thank offerings to God for your deliverance?"

CHAMPION OF LIBERTY. At Grace Evangelical Lutheran Church Rev. E. T. Coyner, the pastor, spoke on "Luther and Liberty." He said: "Martin Luther successfully championed liberty of thought, conscience, speech, of the press, of the vernacular, of the Bible, of the church from priestcraft, ignorance, superstition, extortion and the power of Rome and the inquisition as well as from ritualism. He made the pulpit and the pew free. In his soul was born the liberties we now enjoy. He made possible Patrick Henry, George Washington, Abraham Lincoln and Jane Addams."

Rev. J. W. Theiss, pastor of Christ Evangelical Lutheran Church, spoke on "Luther and Liberty."

TO RESCUE OF "DRUG" BABIES.

Startling Conditions Found in Commercial Homes.

Infant Morphine Fiends are Made Semi-idiots.

Generous Women and Society Girls to Aid Them.

Moved by the pitiful needs of the babies of the poor, not the least of which is declared to be protection against the methods employed by certain commercial homes for infants, the officers and members of the Women's Alliance Maternity Cottage Association will this week begin an organized campaign for funds and materials with which to enlarge their quarters and facilities at Nos. 121-127 South Utah street before the advent of winter.

In addition to money, more help is needed in caring for and amusing the little tots maintained in the nursery of the association and to supply this need an auxiliary to the association is being organized by a number of young society girls of the city under the direction of Miss Louise Carlisle. Each of these girls will give a few hours each week to the nursery work consisting largely in keeping the little ones amused after their naps. Miss Carlisle, who lives at the Bryson apartments, is an experienced settlement worker from the East.

The exploiting of babies for financial gain by commercial nurseries is declared by the officers of the association to be one of the gravest problems with which they have to deal. By no means all such establishments are under suspicion, but the association is in possession of positive evidence, in the form of the babies themselves, of the frightful effects of the reckless use of "noothing" drugs, opiates, etc., which in some such homes are apparently in general use.

BABY A SEMI-IDIOT. The most pathetic case of the kind is that of a baby girl, now 18 months old and which for some time has been in the care of the association, a semi-idiot from excessive drugging with morphine preparations to keep her from crying. This child was placed in a commercial home by the mother, a working woman who paid a large part of her small wage for its maintenance.

When she would call to see it, she was invariably informed, she says, that her child was asleep. When she (Continued on Second Page.)

WHO'S SEEN THIS LAND?

Nine Square Miles of the Public Domain Mined Near San Bernardino.

Nine square miles of public land have disappeared.

Land office officials are searching high and low for it.

The question now is, where is the land? In the hearing it was described as sections Nos. 1, 5, 9, 13, 17, 21, 25, 29 and 33 of township 11 north, range 11 east, San Bernardino Meridian. But investigation shows that isn't the land in dispute.

A number of different government surveys since 1855 in that part of San Bernardino county have created a mass of contradictions, and now the railroad cannot give back the land until somebody finds it.

TOUCHES ELECTRODE, DIES. Shock of Fifteen Thousand Volts Proves Fatal to Workman at a Substation.

John Brink was electrocuted yesterday when he touched an electrode in the switch box of the Southern California Edison's substation at First and Boylston streets. Fifteen thousand volts passed through his body, causing instant death.

Other workmen heard his one slight cry, and interrupted the current. They stood for a stated consideration of \$4750. The deal was handled through J. E. Ford, manager of the house and lot department of the company and who also reports the sale of fifty feet of frontage on Narrell street, Hollywood, to E. H. A. Kinsman, of the Occidental Life Insurance Company, for a consideration of \$2150.

FINAL HONORS FOR VETERAN

FUNERAL OF DR. HASSE TO BE HELD TODAY.

Was One of Organizers of the Soldiers' Home and for Seventeen Years its Chief Surgeon—Also Widely Known as Botanist and Landscape Artist.

Funeral services for the late Dr. Hermann E. Hasse, one of the organizers and for seventeen years chief surgeon of the Soldiers' Home, who passed away Friday, will be held at 2 o'clock this afternoon at the chapel of the home. The Masonic Lodge No. 102 will have charge of the services and interment will be at Inglewood Mausoleum.

Dr. Hasse was born January 1859, in Freiburg, Saxony. At the age of 9 years he emigrated with his parents to Milwaukee, where they established their home. Later, he decided to become a surgeon, he attended medical college in St. Louis. After completing the course there he continued his studies in Europe, studied at the University of Leipzig, Germany, from 1887 to 1890, then Prague, Bohemia, and at the University of Wurzburg, Germany, where he received his degree of doctor of medicine was conferred upon him in 1891.

He then returned to Milwaukee and was commissioned as second assistant surgeon in the Ninth Wisconsin Volunteer Infantry. In 1893 he was appointed in active service with his regiment, taking part in many notable battles and campaigns, among which were Marfreesboro, Chickamauga, Mission Ridge and the Atlanta campaign, and being mustered out Nashville, June 10, 1895.

After the war he entered private practice in Milwaukee and later, Arkansas, and Missouri, where he sought a milder climate. In 1898 he came with his family to Los Angeles where he engaged in the practice of his profession until 1914, when he accepted appointment as chief surgeon at the newly-founded Soldiers' Home at Santa Monica. He assisted in taking out the first men who entered the home and did valuable work in the organization of the institution. He remained in this position for sixteen years.

In 1905 he resigned from his position at the home and from all active practice, devoting his time almost wholly to botany. He was especially interested in lichens and had become a recognized authority on this subject both in this country and Europe. His book, "The Lichen Flora of Southern California," was published in 1913 by the Smithsonian Institution. He was also curator of the Sullivan Moss society, a national organization of scientists.

Since leaving the government service Dr. Hasse has been living at Santa Monica and, when not engaged in his botanical work, completed a number of oil paintings from sketches made during his trips through the mountains and canyons.

He was universally beloved and esteemed. He had been ill for several months prior to his death, and leaves a widow and five children: Adelaide R. Hasse of New York; F. T. Anderson of Milwaukee; Miss H. Hasse of New York; Mrs. G. Fielding of Westgate and Carl Hasse of Santa Monica.

Madame Schumann-Heink
 The World's Most Famous Contralto

Said—"WONDERFUL."
 In her home this great singer uses the APOLLO Player Piano

to accompany her songs. It means that the Apollo plays with the precise fidelity of the HUMAN TOUCH.

Remember That—The Apollo is the only player with the "down touch"—the only player-piano that eliminates pedaling on the re-wind of the roll—the only player piano that enables you to omit or accent the melody and play the accompaniment in eight different keys.

Accept our invitation to call and let us give you a practical demonstration—Then decide.

MILLION-DOLLAR BOND ELECTION IS SOUGHT.

THE appeal to the Supreme Court last Thursday of the suit brought earlier in the year contesting the legality of the annexation of The Palms district has resulted in a new attempt to have the City Council call a bond election to solve the water problem in Colgrove, Hollywood and East Hollywood. As fully 40,000 people would benefit financially should the bonds be voted the matter is considered of vital importance.

When the annexation suit was brought in the Superior Court it was successfully resisted by the City Attorney, the case being decided in favor of the municipality. The contestants were understood to have abandoned further proceedings and steps were taken to get the bond proposition under way, 1600 of the required 2000 signatures having been affixed to the petitions to the Council. Then came the unexpected move of appealing the case and it was deemed inadvisable to further consider The Palms in the water project.

The matter was taken up by the Hollywood Board of Trade with the Water Works Commissioners and it was decided to place a new list of petitions in the field this morning. H. T. Wright, secretary of the Hollywood Board, said a sufficient number of signatures will be secured within the next ten days and the proposition will go to the Council immediately thereafter.

Bonds aggregating \$1,000,000 will be proposed and if they are voted the City will have sufficient money to pay the Union Hollywood Water Company and the Hall water works for the service purchased from them and make the improvements necessary to the patrons in Hollywood, East Hollywood and Colgrove excellent service.

At present the patrons are paying a much higher rate than is charged consumers who are supplied by the city water works. When the bonds are voted, the Commissioners say they will make the rate uniform, those now outside getting the advantage of the lower figure.

Lutheran pastors, Of this city, who joined yesterday in a notable celebration of the anniversary of the launching of the Protestant Reformation.

TO INSURE MAN.

A seven-room, two-story residence at No. 423 West Fifth street was sold during the past week by the Janss Investment Company to the Rev. Geo. Stiles for a stated consideration of \$4750.  BROADWAY at SIXTH.

According to other workers in the factory Mr. Stromple walked to the elevator and without looking stepped into the doorway, which was open. The elevator was not there. In the basement he was picked up by his fellow-workmen.

Rescue "Drug" Babies.

(Continued from First Page.)

finally became suspicious and removed the child from the home. It was a physical wreck from the administration of drugs, according to the physician who examined it.

"For the first time after we had seen the child, Mrs. William Baughy, president of the Maternity Association yesterday, 'the poor little thing was a typical drug addict—typical of the kind that the drug is not to be had. Under our care its health has considerably improved but its mind is gravely affected. We see many such cases and in all of them the child's development has been arrested and frequently its growth permanently stunted by the use of drugs.'"

The greatest present need of the association, according to Mrs. Baughy, is for funds wherewith to build a modest sanitarium in which the babies may spend the day time, during the winter months when it is not possible to take them out doors. If possible it is hoped to enlarge the cottage so that the babies may be taken to the hospital to be treated by a large number of doctors who can now be accommodated.

So far as possible the home elimination of the babies is being attempted by allowing the needy wives whom it assists to pay what they can, in no case exceeding the actual cost of caring for the infant. In the frequent cases where no payment, however small, can be made, the children are cared for without charge. A number of the babies are being placed in the city under the supervision of the proposed auxiliary of young women who will supplement the staff of nurses who, through the workings of the new eight-hour law, have to be maintained in three shifts in order that the little charges may have adequate care at all hours of the day and night.

HELP NEEDED.

The cottage and the all-day and night nurseries are supported by donations and subscriptions. Both the city and county contribute to its support and a number of women's clubs assist in a financial way. The total received, however, is barely sufficient for the running expenses and the home, although it takes care of the new eight-hour law, has to be maintained in three shifts in order that the little charges may have adequate care at all hours of the day and night.

LARGE CREDIT for the work done is due to Mrs. Baughy and to her first vice-president, Mrs. L. C. Torrance, chairman of the Nursery Committee. The officers, all of whom give a great deal of their time to the work, are Mrs. E. E. Lane, second vice-president; Mrs. C. C. Wright and Miss Katherine Torrance, secretaries; Mrs. Luther C. Wood, treasurer; Mrs. Martha Takart, auditor; Mrs. John D. Fredericks, Mrs. C. J. Golden, Mrs. A. S. McKewitt and Mrs. G. G. Howland, directors.

Mrs. Baughy will launch the campaign for the new building and the members of the Women's City Club today on the subject of the needs of the home.

PASTOR RESIGNS.

ESCONDIDO, Oct. 31.—Rev. M. A. Frost, pastor of the Congregational Church the past two years, resigned at the end of the year. While Rev. Mr. Frost has not announced his plans, it is said that he may locate in or near Los Angeles. He is a graduate of Olivet College, Olivet, Mich., and of the Chicago Theological Seminary and came to Escondido from Monroe, Wash. He has been prominent in civic matters in Escondido and for the past year has been a director in the Chamber of Commerce.

THE PRESIDENT of a great university once said to me, "The period of moral upheaval, 'What this university needs is a revival of Puritanism.' By that he meant a return to the doctrine of duty. In every institution there is a revival of Puritanism. The serious work of training the young is an atmosphere lacking discipline. There is a call for a new Puritanism in college life, not asceticism, but a revival of responsibility. The recent action of the athletic board in accepting the resignation of five of her most promising athletes who had technically been professionals, even though athletic success in that great university should be jeopardized, shows that the new Puritanism has not wholly perished. Individual students will rise above the tendencies to worship pleasure and meet the sense of responsibility for the common welfare, but the higher levels of the life of the university until America banishes the saloon."

"The clearest sighted among us look forward to new world conditions after peace has been declared. The first result will undoubtedly be, as in the case of our Civil War, feverish activity in the reconstruction of the material things which war laid waste. The second stage will be the new consciousness of the intellectual burden of taxation to meet the cost of war debts, which are so great that we can hardly conceive their magnitude; and the third stage will be a flow of immigration to America exceeding anything we have known. If problems of immigration bring serious strain upon the social life of today how great will be that strain under these new conditions. We must meet this challenge, assimilating the foreigner and developing our own within only on condition that we banish that most destructive of our social institutions—the American saloon."

REV. CHESTER FERRIS.

PARK CONGREGATIONAL CHURCH.

Rev. Chester Ferris, pastor of Park Congregational Church, preached yesterday on the subject, "A Voice from the Desert." He said in part:

"Into a society quivering with expectancy, came the orator, dressed in wilderness. As lovers that wait for the appointed meeting start at the sight of a leaf, the flight of a bird, the humming of a bee and grow weary of the sense strain, says the preacher, so Israel was watching for their deliverer, their Messiah. Then John, a great, unconventional, dramatic, as match to the powder, being the crowds into feverish excitement."

"When the priests from Jerusalem would constitute themselves a council to examine this candidate for preaching, he answered, 'No, I am not the Christ!' 'No, I am not Elijah!' 'No, I am not that prophet.' 'Well, then can you be?' 'I am a voice—the voice of one crying in the wilderness. I have no credentials from men or anyone. He came not from society but into it; there were no promises to him or sect; he was a free lance; he was a voice of the eternal and unchangeable only to Him. Marvelously strong and attractive is the concentrated purpose of this man, Jesus, all massed in a word-power that of a Maximite shell, which requires the impact of a great resistive force to explode it. Magnanimity, exquisite and rare is this one, who refuses to have a name and renown, only herald for his coming king, whose short-circuiting he was unwilling to fasten. Easily did so certain and unselfish a voice ring as a trumpet throughout the land, calling the crowds to look for Him, whom John announced."

"Great was the influence of John the Baptist. He stirred Him with his earnestness and the earnestness and the earnestness of his onslaughts against the powerful wrongdoer; Jesus remembered and repeated some of these things; He prepared the way, and Jesus declared that never had anyone to that time been greater than the baptizer. Yet we must not exaggerate the influence of John; he was the whole manner of life; He was

CONGREGATION HAILS PASTOR.

Dr. Day Gets Glad Welcome on Return from East.

Speaks on Gospel of Duty Versus Pleasure.

Topics of Interest Discussed in Many Pulpits.

Dr. William Horace Day was again honored when he entered his pulpit yesterday morning at the First Congregational Church, the congregation rising and waving hundreds of handkerchiefs as a welcome to the pastor upon his return from the national council of the denomination at New Haven.

It was knelt Sunday in the churches of Los Angeles and petitions for the revival of Puritanism were presented under the auspices of the California "Dry" Campaign Federation. In accordance with the program of the conference, the conflict between the gospel of pleasure and the gospel of duty. He said:

"There has always been war between the gospel of duty and the gospel of pleasure. The gospel of Jesus was the gospel of duty. If you sacrifice the life of pleasure for the life of duty you find life, 'for whosoever heath his life for my sake (and the people) shall find it.' St. Francis, the apostle of the poor, came as a prophet of this gospel. In a world debauched by the worship of pleasure, he proclaimed the austere gospel of duty. Puritanism in every age exalts duty and represses the appeal of pleasure. The world has been in the midst of a great revival of Puritanism. China has banished opium; Europe has banished alcohol, and America is banishing the saloon. The church of Christ is again the saloon. We are against the saloon for the sake of the unprivileged, in every institution there is a revival of Puritanism. The serious work of training the young is an atmosphere lacking discipline. There is a call for a new Puritanism in college life, not asceticism, but a revival of responsibility. The recent action of the athletic board in accepting the resignation of five of her most promising athletes who had technically been professionals, even though athletic success in that great university should be jeopardized, shows that the new Puritanism has not wholly perished. Individual students will rise above the tendencies to worship pleasure and meet the sense of responsibility for the common welfare, but the higher levels of the life of the university until America banishes the saloon."

Pen Points By the Staff:

Yes, mother, the new color is Bolling green. Don't you need a new gown?

But thirty days until Congress meets. Set back the almanac and make it longer.

It must be discouraging to hold an old time week celebration in any of the Balkan states.

It is now possible to get a good balloon for \$699. Lay in your stock now, they may be up.

The children are already beginning to ask Santa Claus will come this year in an airplane.

Not a bit too early to begin crocheting at lamp mat for a friend for Christmas morning.

Quinine is \$1.39 an ounce, but there are still and fever in sunny Southern California. Shake!

Looks like a question of veracity between the woman who wants a divorce from a man with a dimple in his chin should not be asked. She had fair warning.

It is getting so now that in a short time we have Carranza money can spend it. A stuff is growing in value.

One of the duties of that naval advisory board will be to inform Secretary Daniels that all he now needs is a navy.

It will require something more than faith to remove the mountains that insist upon rising down into the Panama Canal.

There appears to be a shortage of cash in the coming Christmas time. We pass a bit of that Anglo-French loan.

A distinctive flag for the suffragists is proposed. We are strong for it and suggest it be made of blue and pink baby ribbons.

The man who wants to make a touch \$100 finds it just as difficult as ever, in view of the fact that we now have regional law.

New York, Massachusetts and Pennsylvania are the next States to vote on woman suffrage. Will the result in New Jersey act as a barometer?

Henry Ford has his enemies, of course, nobody has been heartless enough to greet his name for the Vice-Presidency in Woodrow Wilson.

The use of oil in war zone waters is extended to cover the periscope and put the marine out of business. More hard luck John D. Rockefeller.

More Arctic expeditions from this country in the near future. A lot of Poles have been lost the past year, but we don't go to go and hunt for them.

It has been figured out that there are high nut trees of the world to supply civilization population food. Yes, there is a lot of nuts in the world.

City girls are handing apples to visit at the San Diego house. Just like the handed 'em to in the Garden of Eden. Still at their old tricks.

Our financiers can loan a half-billion to the allies there ought to be no trouble in securing enough to put our own in a fit state of defense.

Owners of the two Los Angeles baseball teams declare the town will have a new year next. This is the season when they do have a pennant grabber.

Congress consents to the billion-dollar fund proposed by the President will be quite an assortment of alleged men knocked into a cocked hat.

Time is about here when the annual whether a cranberry is a vegetable fruit will be going the rounds. We it a flavor of the season daily.

Stenographers in the civil service register 30 per cent. on personal apportion. But are the vanity bags to be before or after they go to work?

Suggested that the English marble girls who the wounded soldiers. That taking advantage of a man's condition? He can't get away.

Statistics show that the yield of honey will greatly exceed the average of \$8,000,000 pounds of the sweet stuff. That at least the bees are on the march.

Lightwads are having their day in it. It costs \$500 and six months in a friend. That would be a glow in some of those Angelenos of whom

PLATO PROGRESSORS.

Ship, you say? And I confess 'tis a boat.

Seated at your knee, about the past, review the present discourse pleasantly.

Love, events, the latest fiction, and art, setting mind without the foolish trappings heart encounters heart.

Up? And while the moments pass unheeded, could demand.

Watch your movements so intently, lacer with your hand?

Up? Ah, no, it must be something else.

ing in the end, lose you now than find you later and frigid friend.

to twist you and me! The thought cherished

need to bitter gall; glad the fiddle past has perished, be all in all!

a frenzied, frailer, wilder story, across the sky!

the dreams, the mystery, the glow, sick friendship die.

TENNIS CHAMPIONS ARE GETTING ALONG FAMOUSLY

Manage to Play Way Through Second Round Without Any Serious Mishaps, Although Opponents Take a Few Games—Griffin is Swept off Feet in Second Set by Young Flint's Attack, but Recovers.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 31.—The tennis season here has been a most successful one. The first round of the Pacific Coast championship tennis tournament, which was held at the University of California, was won by the local team. The second round is being played today, and the local team is expected to win again.

JESS WILLARD TO FIGHT NOW.

CONTRACT WITH WILD WEST SHOW RUNS OUT AND HE TALKS SCRAP.

[BY A. P. NIGHT WIRE.]

NEW ORLEANS (La.) Oct. 31.—Jess Willard, world's heavyweight champion, finished his engagement with a "Wild West" show here tonight and announced that henceforth he would give his attention to the pugilistic game.

Willard expects to remain in New Orleans several days to consider a proposition to defend his title in this city next March. A representative of eastern fight promoters also is expected to negotiate for a championship fight in New Haven.

Willard has boxed three rounds twice a day and had plenty of outdoor exercise and feel in splendid condition. Willard said, "I weigh about 160 pounds. Just now it seems that Frank Moran probably has the best claim to a match with me, but my opponent will have to be selected later."

Poll Perritt.

POLL PERRITT JOINS SEALS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO, Oct. 31.—Harry Wolverton announced his first deal looking to the 1916 season today with the signing of Poll Perritt, discarded Los Angeles pitcher. Wolverton says he thinks Perritt is a better pitcher than he has been credited with being, and points to his showing against the Salt Lake Bees the last time he was with the Angels. On that occasion Perritt won two games in the week. At all events, the new Seal will be given all the chance in the world at the spring tryout.

The Seals have also signed Allen, the novice first baseman who has been playing semi-pro ball. Wolverton hardly expects to use him with the local club, but may place the youngster with some Northwestern League team.

YALE CAPTAIN FIRES COACH HINKEY AND WIRES GREAT TOM SHEVLIN TO SAVE ELI.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW HAVEN, Oct. 31.—Capt. Alex Wilson of the Yale football team has assumed the duties of head coach, pending the arrival of "Tom" Shevlin, all-American end, who captained Yale's championship team of 1915. Wilson announced Saturday night to the Yale football squad that Shevlin will be head coach the remainder of the season.

Coach Frank Hinkey, Yale.

Cripples.

SAINTS WIN HARD-FOUGHT GAME FROM OLYMPIC CLUB.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SANTA CLARA, Oct. 31.—Again the varsity triumphed in its third contest over the speedy Olympic Club of San Francisco by the close score of 10 to 5.

Coach Ybarra was compelled to send a team to oppose the Olympic with seven of his stars out of the game, owing to injuries. The many ardent supporters of the Red and White responded in goodly numbers to cheer this weakened team on to victory.

The varsity scored after twenty minutes of hard playing, when J. Fitzpatrick, Schellenback, Wassum and Amarel started a beautiful passing rush with Cochina scoring. Hensberg failed to convert from a difficult angle. The remainder of the half found the clever Olympic Club backfield men threatening to score on several occasions, but Full-back Harry Jackson stopped Hensberg, Hawkes and Lachmund at different times.

Imbued with a determined effort to win, the Winged O Ruggers took the ball with a wind at their backs and immediately rushed the ball to the Santa Clara 10-yard line, but Keeting, Amarel, Korte and John

Country Club Gossip.

GOLF TOURNEY NARROWS DOWN TO EIGHT PLAYERS.

[BY ALMA WHITTAKER.]

THE fall tournament of the Los Angeles Country Club has narrowed down to the semi-finals.

John W. Wilson continues his triumphal march, defeating B. W. McCauland 4 up and 3, E. G. Howard defeated Dr. H. W. Howard 4 and 1, W. H. Young defeated Cory Pendleton 1 up.

But I. W. Shirley had the really stylish victory of the day, defeating George H. Schneider 3 and 1. True, Schneider was a trifle erratic, an 83 where the sevens usually figure, but Mr. Shirley is some veteran, and has been playing the best golf of his life during this tournament.

R. Thomas defeated S. C. Dunlap 2 and 1, who has, however, managed to stay longer in this tournament than his wont. A. J. Barrett accounted for E. H. Bagby by 3 and 2, Thomas

PACIFIC ELECTRIC TEAM WINS, 10-8.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, Oct. 31.—The fast Pacific Electric team of Los Angeles defeated the local team, the Cabrillo Commercial, until yesterday known as the B.G.'s, by a score of 10 to 5 at the Stadium today. Cowan and McLain were the batteries for the Pacific Electric and Killean and Pike for the Cabrillos. The visitors hit the ball hard and often. The Angelenos won over the San Diegans yesterday by a score of 8 to 3, giving them a victory in both of the two-game series. The B.G.'s claim the change in name of their team put the jinx on them.

BILL STEEN WINS FROM ALL-STAR.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 31.—Bill Steen's pitching was too much today for Oscar Vitt's All-Stars and San Francisco won the fourth game of the post season series, 10 to 1. Steen had the picked organization shut out to the ninth inning when two successive hits sent Jimmy Johnston over the plate. The Seals found Joe Ceschler, who had picked and knocked him out of the box in the third.

Score: All Stars, 1; hits, 5; errors, 2. San Francisco, 10; hits, 15; errors, 1. Steen, 9; Ceschler, 9; Ceschler, 9; Ceschler, 9.

Capt. Wilson, Yale.

Squad left Saturday evening aboard B. C. Converse's steam yacht for Marion, Mass. They were expected to return tonight, fresh for tomorrow's work. The team came through the same yesterday without injuries, for which the coaches and trainers are thankful.

Radical changes in the Yale style of attack and defense are expected this week. The first part of the week will be devoted to defensive work, and an effort will be made to teach the men football fundamentals and at the same time to evolve the strongest possible line. The latter part of the week the attack will be re-organized. This phase of the Blue's game of football has been notably weak this season, and it will need a complete overhauling. With two weeks left in which to prepare for the Princeton game, Yale hopes tonight are high.

WHITE AUTOS ARE WALLOPED, 10-8.

[SPECIAL CORRESPONDENCE.]

LOS ANGELES HARBOR, Oct. 31.—The White Autos of Cleveland, amateur baseball champions of the United States, again met defeat here, The San Pedro Merchants trimmed them for the second time, 10 to 8. The champs had the game won and tucked away when an explosion occurred in the seventh inning that lasted to the end of the game. Bobbies by the White Autos and hits by the Merchants caused it.

San Pedro started right off the bat by making four runs in the second inning and three in the third. Then the victors, who had only one in the sixth and two in the seventh and were one to the good. Then the San Pedro Merchants made three more—one in the seventh, eighth and ninth.

R. H. E. White Autos 8 9 9 San Pedro 10 10 4 Batteries—Knocht, Crowley and Foley; Hawkins, Kahler and Duncan.

UNDER WAY.

Plans for the work this week are well under way. A portion of the

Necessary.

YALE NEWS SAYS CHANGE ABSOLUTELY IMPERATIVE.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW HAVEN (Ct.) Oct. 31.—The Yale News will say tomorrow, relating to the reorganization of the Yale football coaching staff and system.

"It is doubtful if any team stands higher in the esteem of Yale men than the team of 1910.

"The 1915 team stands in just the same crisis today and is going to be met in the same way. Physically the squad is above the average and we believe absolutely that the spirit of the men was never finer. They simply do not know how to play football. They have been taught plays, offensive and defensive, but they have not been taught how to execute them. In the days when Yale was the acknowledged leaders in football it was

fundamentals that primarily made her great. Yale, out-charged, out-blocked, out-ticked her opponents. Today Yale is being beaten at her own game. She is not playing Yale football.

"Only one thing can save the situation—change in the staff and system. The men who brought victory to Yale in 1910 will take control of things, among them Tom Shevlin.

"He will be surrounded by men who as players and coaches have made Yale football famous. It remains to be seen whether what was done five years ago can be done today. He believes it can. Confidence will be re-born in the graduates, the undergraduates and the most important of all, in the team itself, and it will sweep them along, we are optimistically inclined to believe, to victory on November 13 and November 20. Let the discouragements of the past season be forgotten. Much can be done in two weeks."

THE next good move for somebody to make is to play the Occidental-L.A.C. Pomona-Sherman and Redlands-Whittier football games on Friday so that the field will be clear for the big Oregon-U.S.C. game on Saturday.

This Oregon-U.S.C. affair attracts of major league stuff and reminds one of the St. Vincent-Oregon and St. Vincent-Utah games of 1907 and 1908. Some people will want to see the other three games, but nearly every one will want to see the Oregon game.

This big game Saturday will give the first real line on the caliber of the U.S.C. team. Oregon will be the Trojan's first opponent worthy of the name.

St. Mary's and California were no test for U.S.C. because of their inexperience at the American game and their inability to get any real experience. The Trojans swept them aside by mastery of the open style of play.

These northern teams have a way of playing straight football of the straightest kind. The line holds like a stone wall and the backs plunge like many pistons.

If U.S.C. can lick Oregon then the Trojans will have done something to make them famous. Beating a bunch of rattled newcomers at the game by the use of open play, and working the same stuff on a bunch of wild-tackling demons such as the Oregon team boasts, are two very different things.

The Trojans have shown a wonderful offense so far, although it has never yet been tried out against an experienced eleven. They have the confidence that goes with a string of victories. Glass has not only the best-looking material in the south, but he has lots of it. It will take a wonderful exhibition of football to beat Oregon.

Pomona's decisive defeat of Throop shows that the Huns are all last on their belated, but inevitable climb toward championship form. The Huns have never since the advent of Coach Shannon failed to beat a team out of which could give the best team in the south a real argument and after a rather shady beginning, the Huns seem to have hit their stride.

There is no reason why the Huns should not have a strong team. McFadden last year showed himself to be a heady and steady quarter-back. Given is a bit less heady and steady, but a whole lot more sensational.

What is believed to be a record in match play was pulled off by Tim Shafer, captain of the Schlitz team, when he piled up a total of 732 pins in three games. His high game was 247 and his other games 216 and 271. In his high game he had ten straight strikes. His eleventh ball was a good hit, but recorded a split. This means a 241 average and is some shooting for this early in the season.

Shafer also has an average of 219.4 for the first six games and his team is high in total pins with 5520. The Cadonia, who lead the league, are second with 5469.

Hershey has second high game in Class A with 217, and A. Miller has second high series with 624. A lot of the old-timers are back in the game and it's commencing to look like the strenuous days of four years ago. Gilman, Jenkins, Kaufman, Taylor, Turner, Bunn, after an extended layoff, are all trying to "come back."

Dead Mack is rolling with the Broadways and "stepping some." Newcomers in Class A are Jacoby of Austin Blucita and Pratt of Harlow's Cafe. Both of them bring good reputations with them from other parts of the country.

The Broadways seem to be in pretty tough luck. They roll 329, 315 and 367 against the Schlitz team and fail to win a game. What's the answer? Why Tim Shafer. Cheer up, though, for it's a long, long way from home.

Benge Bros., after losing a tie game at the beach last week, came back and rolled 278 against the Muriel Cigars, winning all three games. Hanes, their lead-off man, had to leave town and Capt. Blume signed up Griffith.

The Submarines seem to be in a sinking condition at present, but have it to Capt. Harry Cliff to bring them up. These old boats may seem to sink fast, but they come up fast, too, so look out.

Lloyd Evans of Trumpowers Dentists leads Class B with 199 average. He also shares with Olmstead of the R. & O. team, the honor of shooting the highest three games, viz., 623 pins. High game, 287, goes to Giambastiani.

Next week's matches—Thursday, Peere vs. Muriel Cigars at Locum alleys; Friday night, Cadonia at Broadway alleys; Benge Bros. at Anstine.

Jason two years ago was the best ground-gaining back on the Pomona varsity. Green is a steady, hard plunger with a terrific amount of pep. Nisbit is a fine punter and has the weight and speed to make him a star. Truly the Huns should not lack for power to score.

Strangely enough there was not a single score in the big Occidental-Whittier game Saturday which was not the direct result of a fumble. Also each team in the last quarter recovered the ball on its opponents' 20-yard line and each failed to score.

Daniels recovered a Whittier fumble and Smith fumbled on the next down. A few minutes later Whittier got the ball on the Tiger 20-yard mark and Daniels intercepted a forward pass.

Each team missed field goals also. Bogue missed two shots, one falling short and the other going wide, while McClung missed a drop from the 25-yard mark by about six feet.

Any discussion of the tackling and blocking would demand the use of profanity. Both teams played rotten football but the Tigers were just a little more on the job and that won the game for them.

Morris Bogue, the much maligned Whittier captain and quarter, finds one friend right here despite the adverse opinion of a whole flock of "experts." Here is the situation. With about a minute to play, Whittier gets the ball on the Occidental 15-yard line through McClung's one bad punt.

A plunge through left tackle by south goes for a first down with the ball on the Occidental 18-yard line and close to the side line. Bogue shoots Finch at the Occidental center and the big full-back bounces back for no gain.

The Tigers were expecting another buck and the whole Orange and Black team was drawn into a huddled group right near the side line looking for another attempt to pierce through the line on the second down.

Bogue, who old field general that he is, thought to outguess the Tigers by shooting a forward pass between the goal posts. He knew Guy Daniels, tiger left end, was reputed to be weak. Everything was in favor of his coup.

On the signal the ball was snapped to Finch and Bogue tore for the Tiger goal posts. He had calculated correctly on all but one thing and that was Daniels' speed. When Finch shot the ball like a bullet, Bogue was standing squarely between the posts. All he needed to do was to put the ball down. But Daniels had followed Bogue

and with a desperate leap intercepted pass.

Had Daniels missed, Bogue would have been the hero and the experts would have written, "Bogue takes desperate chances and gets away with it." If there is ever a time to take a desperate chance it is when there is less than a minute to play. He tried and he failed so he is no bonehead.

The fact that Brandstetter, Chambers and Bogue were fumbling so many punts in the backfield speaks volumes for the vicious boots of McClung and Bogue.

Bogue made up for his lack of distance by his placing and his wicked twists. There are few better judges of punts in these parts than Brandstetter and yet he was completely fooled by Bogue's clever shots and was invariably caught out of position.

Speaking of punts brings up the question of ends and there are few better ends than Robbins of Whittier. He played a remarkable game and was one of the few men able to tackle the runner and bring him down.

week's play Friday night. The Austin Picnic Company, Benge Bros. Casino and Schlitz teams won three games from their opponents, Harlowe, Muriel Cigars, Submarines and Broadway. The Majestic, Peers and Chicago won two games each from Robinson & Gordon, Tufts Lyon and Trumpowers' Dentists. These results give the Cadonia a slight lead of one game over the other teams, while the Muriel

Y. M. C. A. NOTES.

With thirty fellows out for work on the various squads, three snappy basketball games were played Saturday evening at the Y.M.C.A. They were part of a series of practice contests through which Physical Director Reynolds will choose his team to represent the association in the A.A.U. championships in February.

The squad captained by H. Block defeated the team led by L. T. Squire 16 to 11. F. Omer's five whipped that led by G. Norberg, 26 to 12, and then trounced the victors in the first contest, 24 to 13.

Mr. Reynolds was delighted with the showing, and declares the Y.M.C.A. will be able to put into the field a championship contender.

Bowlers of the association will meet tonight at 8 o'clock for the purpose

of organizing a five-team league for the fall tournament. Five man teams will compose the league, and play will continue until the first of the year, when prizes will be awarded and another journey started.

New equipment has been ordered for the association alleys, and they have been resurrounded, making them among the finest in the city.

The first competitive swimming meet of the season will be staged in the Y.M.C.A. pool Friday night. Last Friday the classification evening was held, and several surprisingly good swimmers were unearthed. C. C. Hagar, who has charge of this department of the work, is delighted with the showing and believes he will have a first-class team in the field.

The events Friday will include races and diving contests for all classes, and an exhibition in life-saving, in addition to a water polo game.

Morris M. Ferguson, well-known Los Angeles attorney, will address the

meeting of the Poly Club at the Y.M.C.A. tonight. This organization, composed of students at Polytechnic High, has a membership of seventy-four, and is growing every week.

WASHINGTON IS CONFIDENT OF WIN

NORTHERNERS SEE NOTHING TO FEAR IN GAME WITH BERKELEY.

SEATTLE (Wash.) Oct. 31.—Followers of the University of Washington football team are confident of victory when Washington plays California at Berkeley next Saturday, as a result of the 27-to-0 showing made by Coach Gilmore Dobie's men in the game against Whitman yesterday.

When Washington and California line up at Berkeley next Saturday, Washington will be supported by a delegation of 150 rooters and the university band.

TUCSON DRIVER CRUSHED BY AUTO

MACHINE TURNS OVER IN RACE THREE COMPLETE TIMES.

(BY A. F. NIGHT WIRE.)

TUCSON (Ariz.) Oct. 31.—The Clarke, an automobile racing car of Tucson, was killed here today when his automobile turned turtle.

The Clarke brothers were preparing for the 100-mile automobile race to be held next Saturday on the Arizona Fair grounds. The machine turned over three times when a tire burst as the car was rounding a curve at high speed.

Business is booming!

Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a combination of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

PUPILS ARMED EACH WITH EGG.

Paradise School Children to Aid in Charity.

Government Telephone Lines in Mountains Plan.

Kicking of Residents Puts Mexicans off Street.

(LOCAL CORRESPONDENCE)
PARADISE, Nov. 1.—If by chance attention is attracted this morning to 400 school boys and girls on their way to the John Muir School, each

with an egg which he or she is carrying as though it were a veritable treasure-trove, don't get your dates mixed and think it is Easter. These children are learning to be philanthropists, employing a novel way for beginning. The eggs they bring to school today, and which must be fresh, are to be sold tomorrow night at an entertainment given in honor of "father," by the Parent-Teacher Association. The proceeds will be used for assisting the needy, mostly pupils in the school.

With 400 eggs, or thirty-three and one-third dozen bringing at least 40 cents a dozen, a little more than just common eggs, the pupils and the Parent-Teacher Association will make \$120.

The pupils of the John Muir School, who range in age from 13 to 14 years, are of the seventh and eighth grades and are always enthusiastic in any undertaking which might help their fellow-schoolmates.

Besides the egg auction, which fathers are expected to purchase, there will be an interesting program Tuesday evening, with music, readings and other forms of entertainment.

MOUNTAIN TELEPHONES.
At a conference between the Pasadena City Commissioners, Forest Supervisor Charlton and Supt. Booth of the Pasadena telephone system, which has just been held, plans looking to a concerted effort to secure a system of government lines through out the near-by mountains was launched. It is urged as an adequate reason for the necessity for such a step that danger of the denuding of the Pasadena watershed by devastating forest fires would thus be minimized.

In the case of past forest fires the difficulty has nearly always been in making forces of fire-fighters quickly enough to gain control of the flames before much headway was made. But an inadequate telephone system, depending upon various arrangements, and kept up largely through the united effort of mountain residents now exists. It is said to be highly unsatisfactory for use by the forest rangers.

What is wanted is a system whereby the rangers will be able quickly to telephone to one another when an occasion demands prompt action. No definite arrangements have yet been made. Further conferences will probably be held.

CHANGE PLANS.
Because the residents and property owners on the mountain have the mention of a Mexican settlement-house on South Marengo avenue, the Edna Alar Memorial Society, which leased property at No. 1404 Marengo avenue for this purpose, will have to seek other quarters.

Residents of the neighborhood resented the establishment of a settlement in their midst so vigorously that the threatened to take the matter to the courts and fight to the last ditch to keep such an institution off the famous street.

Mrs. Ina Cullen, who leased the property, said yesterday that she didn't intend to give up her determination of engaging in settlement work although she didn't know just yet where she would locate the place.

PLATT FUNERAL.
Funeral services for Mrs. Emerilla E. Platt, wife of Capt. Josiah Platt, who died Friday night at her home, No. 760 Herkimer street, will be held at 10 o'clock today at the residence of Mrs. Platt, 1000 Herkimer street.

Mrs. Platt was 79 years old and was a native of New York. She had lived in the Crown City for more than twenty years. She became prominent among a large circle of friends. Two of her sons, Frank C. Platt and Clinton J. Platt, are among the most prominent business men in the city.

Besides these sons, she leaves her widow; a daughter, Mrs. Pearl W. Wawter of Hermosa Beach; another son, Charles E. Platt of El Centro, and several nephews. Following the services the body will be privately cremated.

BODY UNIDENTIFIED.
Mystery surrounds the identity of the man who was found dead Saturday afternoon near the foot of the Mt. Lowe trail on Echo Mountain with a bullet wound in his head supposedly self-inflicted, is still unsolved. Pending investigation through the medium of jewelry and some wearing apparel, the body still lies in lives & Warren's undertaking parlors.

FILLS HUNTER FULL OF SHOT.

Climax of Hard-luck Trip Almost Fatal.

San Pedro Fish Dealer on Table Two Hours.

Hundred Pellets Removed While Victim Jokes.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
LANCASTER, Oct. 31.—While hunting quail this morning in the mountains near Willow Springs, Harvey F. Deyo, of San Pedro, was accidentally shot by his companion, Billy Limerick.

The two men, in company with C. H. Crocker, president of the Hanman Fish Company of Los Angeles, arrived in the valley Saturday after a series of accidents to their automobile, and had just begun the day's sport; in fact Limerick had spied but one bird and before realizing his friend was in close proximity took aim and fired.

A cry "You've got me Billy!" coming from behind a bush less than ten yards away was the first intimation the hunter had that he had missed the quail and shot his chum who had fallen to the ground with the full discharge lodged in the face and shoulder.

The injured man was brought to Lancaster where he was given first aid by a local physician. Several of the shot passed through his chest lodging in his mouth, while others lodged deep in his arm.

No less than 100 shot were removed from Deyo while on the operating table, where he lay for two hours without anesthetic, most of the time joking with the surgeon and trying to pacify his friend Limerick, who was beside himself with grief over the accident.

Deyo, who is manager for the Hanman Fish Company at San Pedro, was taken to a hospital in Los Angeles this afternoon.

FOUND GUILTY IN FIVE HOURS.
ANGELES AT VENTURA TO BE SENTENCED FOR ASSAULT.

(LOCAL CORRESPONDENCE)
VENTURA, Oct. 31.—Mason Bradford of Los Angeles and Fillmore has been found guilty of assault with a deadly weapon in the shooting of George Henley at Fillmore on July 1 last. The jury retired in the afternoon and were out five hours before a verdict was reached.

The charge against Bradford was assault with intent to commit murder and it is stated the jury members were all convinced of the guilt of the defendant and reached its verdict at last by way of a compromise. Sentence will be passed tomorrow by Judge Rogers.

Bradford was given his liberty on the same bail he has had up of \$10,000, with ex-Sheriff Hammill of Los Angeles as one of his bondsmen. By reason of the standing of the parties the formal demands of San Bernardino and Riverside will be presented by each committee and the representatives will make an effort to get down to business and establish common ground for a settlement.

SOUTHERN CROP REPORTS.

(LOCAL CORRESPONDENCE)

REDLANDS, Oct. 30.—The plant eral condition of the dairies in pathologists of California are holding their breaths and praying that the citrus canker will not slip through the quarantine lines of the State," said Dr. J. T. Barrett, head of the plant pathology department of the experiment station in Riverside at a meeting of orange growers here tonight.

"The citrus canker is the most serious problem the Florida growers have had to face and they have asked the government for \$1,000,000 to use in eradicating it."

Dr. Barrett said that poor inspection to have come from Japan, to get a foothold in the groves of Florida. The soil of California seems to be infected with the bacteria of the crown gall, said Dr. Barrett. "We can plant a peach tree any place in the State and it will soon become infected."

Dr. Barrett told the growers how to detect the various kinds of fungi and recommended spraying if any amount is found in the grove. "Use sanitary measures first to prevent plant disease but be strict if it does get a hold," said he. "I believe that in a few years we will have anti-toxins to make the disease immune from most diseases."

D. B. Alverson, an orange grower here for many years, believes he has the record for producing the largest orange. He has a small grove of two acres on High avenue near Church street that has less than 200 trees in it. The trees this year made an average of over \$6.50 each, or almost \$1300.

The gross receipts on the grove were \$12,117, or over \$75 for each acre. The fruit went to the packing-house at an average of 261 door weight. The care of the grove, the fertilizer that was put on it, the water rent and the taxes amounted to \$1273. Mr. Alverson charged his own labor in. The net returns were \$10,844.

"The citrus industry looks good to me," said Mr. Alverson, "for on that grove I made better than 25 per cent on an investment of \$5000."

SUGAR FACTORY CLOSER.
OXNARD, Oct. 30.—The American Beet Sugar Factory here closed the season's run this week. In the campaign which lasted ninety-five days, a total of 254,351 tons of beets were sliced and converted into granulated sugar. This tonnage came from two beet-growing sections, the Oxnard and the San Fernando Valley sections, with an acreage of 15,611 acres, and the south of Los Angeles section, with 10,351 acres.

The company will next year have a yet larger acreage in the San Fernando Valley in beets, as their experience has been very satisfactory the year. All employees of the big factory are on a two weeks' vacation, at the end of which time the regular winter force will be called.

The nuts are of a good quality. The nuts in the Oxnard section are produced by about twelve growers, averaging a ton each, according to the estimate made by R. B. Edmondson, president of the association.

INSPECTING TREES.
TEHACHEPI, Oct. 31.—County Horticultural Commissioner Kent S. Knowlton, through inspectors L. J. Knowlton and D. W. Pitter, has been carrying on a tree-to-tree inspection of the 3500 acres in the Tehachepi district that are planted to apples and Bartlett pears in seedling orchards. The trees are clean and free from insect pests and diseases.

About one-third of the area planted is just coming into bearing and it is quite important to the growers and the district that no serious pests or diseases get established.

With about half the acreage examined, including the old family orchards some of which are over fifty years old and most of the older commercial plantings, the inspectors report the trees in splendid condition, having found nothing serious, although there are a few spots of scale and so far throughout the entire district.

PLANT DISEASES.
ONTARIO, Oct. 31.—Nearly 200 citrus fruit growers of the Ontario district gathered yesterday at Chaffey auditorium to listen to a discussion of plant diseases and fruit blights, the meeting being conducted under the auspices of the State citrus experiment station at Riverside. R. O. Fawcett, who presided over the meeting as chairman.

Dr. H. S. Fawcett, who is conceded to be the foremost authority on gum disease in the United States, was the principal speaker of the day. For a number of years, Dr. Fawcett has made a very thorough study of all forms of gum disease. The cause, prevention and cure of brown rot gum disease was the chief subject dwelt upon by the speaker. He declares that it has been absolutely proven that the same fungus which causes brown rot in lemons, causes also brown rot gum disease.

In speaking on the subject of fruit blights, Dr. Fawcett urged the avoidance of handling fruit while damp and the greatest care in picking as a prevention of "green spot" in lemons.

MOUNTAIN APPLES.
OAKLAND, Oct. 31.—The work of handling the mountain apple crop has been finished. It was not hard work this year because the crop was light. Only the late varieties of trees bore fruit this year for the reason that the late spring frosts killed the early bloom. In the neighborhood of 12,000 boxes of apples were shipped from here to Los Angeles, the crop having been purchased by Rivers Bros.

The crop brought good prices this year, the first selling for \$12 a box and the later pack bringing even better prices. The trees are in the best condition and the growers expect a good crop next year unless a late frost or damage again. Some of the orchards in the canyons here produced no apples this season.

SCORE BLANKS.
TULARE, Oct. 31.—Dr. C. J. Bevan of the Los Angeles Health Department has notified the dairymen of this district that their prompt milk scores at least fifty-five points before it will be allowed sale in Los Angeles markets. The score blanks to be used are copied from those in use by the Federal government and cover the health, feeding and the care of cows; location, condition and care of milk stables, condition and care of milk handling utensils and methods of cooling and handling the product.

Dr. Bevan declared that the gen-

PREACHER MAYOR FACES RECALL.

CHARGES OF INCOMPETENCE AND EXTRAVAGANCE AT SAN BERNARDINO.

(LOCAL CORRESPONDENCE)
SAN BERNARDINO, Oct. 31.—The recall movement against George H. Wixom, "the preacher mayor," will become a stern reality tomorrow, when the petitions containing about 1800 signatures will be filed with the City Clerk, according to the announcement made today by Fred W. Secombe, former Chief of Police, and other recall leaders. Charges of extravagance in the administration and general incompetence are made as the basis for Wixom's removal.

The administration will fight the movement and attempt to kill the recall movement by the circulation of counter-petitions seeking to take enough of the names off to invalidate the petition asking that a special election be called.

Former Mayor J. W. Catlett will be the candidate against Wixom in the event the election is called. It is stated.

SEEK COMPROMISE.
Committees from San Bernardino and Riverside will meet here tomorrow to endeavor to arrive at some definite position in regard to the proposed compromise of the question water rights of the two cities in the San Bernardino Valley. The proposal is that the city of San Bernardino should give up its water rights in the San Bernardino Valley section, with an acreage of 15,611 acres, and the south of Los Angeles section, with 10,351 acres.

The formal demands of San Bernardino and Riverside will be presented by each committee and the representatives will make an effort to get down to business and establish common ground for a settlement.

MAN MAY DIE AFTER WRECK.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
RIVERSIDE, Oct. 31.—Payton of this city, aged 42, lies in a critical condition at the Riverside Hospital following the wrecking of his bus by an automobile driven by Lee of San Bernardino on the Box Spring grade at Alessandro this afternoon. Payton's companion, Steve Elmore, aged 17, escaped injury.

Lees, who was accompanied by F. Jordan, also of San Bernardino, collided with the bus in attempting to pass at a time when an automobile approaching from the opposite direction made it necessary for Lees to decide whether to bump into the car or the buggy. He chose the latter.

MIRACLE PLAY AT HOLIDAYS.

To be Given Beneath Stars,
with Chimes and Carols.

All Who Would Participate
will be Welcomed.

"The Nativity" Written for
Whole Community.

Under the same stars that looked down on the Wise Men of the East, with chimes and carols, the miracle play, "The Nativity," will be given here next Christmas Eve and Christmas night by the Channel Club, an organization of twenty women students of literature. The play was written by Sumner Ott, head of the reference room of the public library—especially for the Christmas season, but in a larger way, to be to Los Angeles what the "Passion Play" is to Oberammergau.

Moreover, it is to be a community play. This was emphasized yesterday by Mrs. Lillian B. Goldsmith, who conceived the idea and will stage and direct the entire production. Any man, woman or child who wishes to take part is invited to communicate with her. All creeds and nationalities, rich and poor, are welcome. She declared.

It was because they sought a community play for Los Angeles that the board of directors of the Channel Club decided not to give any of the nativity plays now in print. They chose Miss Ott for the author because they knew her work. She is now engaged in writing an Indian pageant of the Yosemite, which will be produced under direction of Otis Skinner soon.

FREE FOR ALL.
The production Christmas Eve will be at 7 p.m., at Exposition Park, and that of Christmas at the same hour on the Normal School hill. There will be no admission charge.

Mary, Joseph, the babe, the shepherds watching their flocks by night, "Ave Maria," "O Holy Night," "O Silent Night," "My Soul Doth Magnify the Lord" and "The Te Deum." At 1:30 o'clock Christmas morning members of the Channel Club will visit the City Jail, the County Hospital and homes for orphans and old people. They will take with them a choir of children in Elizabethan costumes, who will sing carols and distribute fruit, flowers and holly.

THE COMMITTEE.
Metley H. Flint, chairman; Bishop J. H. Johnson, Rev. Charles Edwards Locke, pastor First Methodist Church; Rev. James H. McRoberts, C. M., rector St. Vincent's Church; Rev. Thomas F. Faher, rector Holy Cross Church; Iddore Dockweiler, John Steven McGarvey, author of "The Mission Play"; Henry W. O'Malley, Baker P. Lee, rector Christ Episcopal Church; Dr. William H. Fishburn, Presbyterian Church; Supt. of Schools Francis Reynolds; Elsie, Los Angeles Fellowship; Rev. E. Stanton Hodgkin, Unitarian Church; L. E. Behrmer, Mrs. W. S. Bartlett, Eboli Club; Mrs. Seward Simons, president, Friday Morning Club; Mrs. C. S. Delano, president Cosmos Club; Rev. J. Whitcomb, Brougher, Temple Baptist Church; F. W. Blanchard, Rev. C. C. Sealeman, Trinity Church; Rev. Elwood C. Nash, Universalist Church; Mrs. James H. Ballagh, president Matinee Musical Club; Mrs. Willetta J. Hele, president Y.W.C.A.; Mrs. Frank Garrett, Everett Perry, librarian; Mrs. Robert J. Burdette, Gertrude Rose, Mrs. A. N. Davidson, Mrs. Randall Hutchinson, chairman Art Committee, Friday Morning Club; James G. Warren, president Orpheus Club; Mrs. William H. Jamison, Mrs. Lewis Selby, Dominant Club; Mrs. Roy Moore, Matinee Musical Club; Mrs. W. W. Orutt, Eboli Club; Mrs. E. K. Foster, Curator Maxwell art department, Exposition Park Museum; Dr. Allison Gaw, Prof. Paul Wood, University of Southern California; Mrs. George Kress, Public Welfare Commission; Mrs. Clara Foltz, Million Club; Mrs. E. R. Brainerd, Woman's City Club; Mrs. William Bush, Wednesday Morning Club; Frank Wiggins, Mayor Sebastian, Friday Morning Club; M. A. Hamberger, Mrs. J. D. Moyes, Lyric Club; Miss K. Ebbert.

The following committee has been appointed by the directors of the Channel Club: Chairman of the Executive Committee, Mrs. Stearns; advisory chairman, Mrs. Goldsmith; Mrs. Chauncey L. Higgins, Mrs. Dora Holmes, Mrs. Frankel, Mrs. Comstock; chairman of music, Mrs. Fred Selwyn Lang; chairman of printing, Mrs. Alfred Whitney Allen; chairman of costumes, Mrs. O. H. Morgan.

LOOTS ROCK BANK.

"Was Buried, but that Proves no Protection from Thief Who Entered Little Shack."
Mose Liberty is the poorest today he has been in seventeen years. He lives in a cabin at No. 1708 Bush Washington street, nothing pretentious, but it had a good room, and one was more than enough to contain what Mose Liberty most cherished. It was a sock he hid in the ground.

In this sock were twenty \$5 gold pieces. It was a long hard drag to get the twenty together. Mose hadn't had so much money for a long time, not since he could remember. He took a chance on nothing, but the ground was a safe place to act as a treasury. And Saturday night some keen-nosed thief entered the house while Mose was away, looking around at the minor furniture and appointments, and with a scent worthy of a terrier he dug up the sock and the gold coins. Mr. Liberty told the tale to the police. The one he told is much longer than this, and more emphatic.

Revolvers were stolen from the store of the Ratu Hardware Company, No. 214 East First street. They gained entrance with a pass.

The largest haul of the night was seized from M. E. Pellet, whose hip pocket was picked, netting the thief \$515.

Safe investments by the score are daily advertised in the "Stocks and Bonds" and "Business Investments" columns in The Times "Liner" section.

WOMEN'S WORK, WOMEN'S CLUBS.

BY DOROTHY E. JOHNSTON.

Los Angeles Travel Club.

The Travel Club held a reciprocal day last Friday, when a resolution was passed endorsing Mrs. Joseph E. Cowles as candidate for president of the General Federation, introduced by Mrs. Gleason. Mrs. Cowles was present and gracefully acknowledged the endorsement.

Three-minute hobby talks proved interesting and diverting, contributed by numerous speakers, the rest of the programme being musical, a group of songs by Miss Freeman, a whistling solo by Miss Modie, Miss Mildred Thompson gave a reading, "The Man with One Talent," and Miss Sadie Stinson and Miss Grace Butler contributed a violin-pianoforte duet.

Philotes Club.

Mrs. M. E. Austin entertained the Philotes Club at her home on Eighth-street last Tuesday, when Mrs. John Walters gave an interesting review of Joseph Lincoln's book, "Thankful's Inheritance."

Civic Improvement.

The regular meeting of the Business Woman's Civic Club will be held this evening at 8 o'clock in the lecture hall, tenth floor of the Public Library Building. The programme will be: "Civic Improvement," by Miss Florence York, landscape architect, and "Sowing the Seeds," by Mrs. Maria A. Larky, assistant supervisor of agriculture of Los Angeles public schools.

Civics Proves Interesting.

The Owensmouth Women's Club met at the home of Mrs. T. A. Hull, Friday, the 22nd inst. The programme for the afternoon was civic. Mrs. G. W. Darch gave very interesting paper on "The History of the City." Another article given was "Swatting the Fly." Mrs. Helen Mitchell gave this in a very interesting and interesting way. Mrs. P. E. Carder gave a paper on the life of Byron. This was enjoyed by all.

Three new members were voted into the club—Mrs. J. A. Giddings, Miss Hanna Williamson and Mrs. Thomas Chandler.

The members present were Mrs. L. C. Kimball, T. A. Hull, J. A. Giddings, Helen Mitchell, Monroe G. W. Darch, Bridges, P. E. Carder, John H. Morris, G. F. Kelley, G. F. Hyden, A. C. Brubaker, Insetti, F. D. Jarboe, G. Hale and Miss Draper.

The hostess served dainty refreshments, assisted by Misses Bernice Hull and Addie Haas.

The club will meet Friday at the home of Mrs. G. W. Darch.

Glendale Tuesday Afternoon Club.

The Robnetts Club quartette in a costume recital delightfully entertained the Tuesday Afternoon Club of Glendale at Masonic Temple Tuesday afternoon. In the numbers, "A Red, Red, Rose," "Love's Old Song," the members of the quartette, Gladys Gibbs Sherman and Zetie Steel Duncan, sopranos, and Lillian Mills and Viola York, contraltos, were charming.

Miss Viola York effectively rendered "La Golandrina" and "La Paloma," as an encore.

Mrs. Gladys Gibbs Sherman as "The Little Damsel" was interesting. "A Bird in the Hand," rendered by Misses Lillian Mills, Viola York and Zetie Steele Duncan, was an exceedingly clever bit of humor, which was keenly enjoyed.

Miss Zetie Steele Duncan struck a responsive cord in the hearts of all in "To My First Love." Mrs. Sherman's musical recital in dark dialect was well received, and nursery rhymes with modern interpretations given by the quartette completed a much appreciated programme. The talent displayed by the Robnetts Club quartette reflects great credit to Mrs. Norma Rockhold Robnetts, director.

Following the programme delicious refreshments added to the pleasure of the social hour.

Announcements of section meetings were made as follows: Literary section, Tuesday at 2:30 o'clock, at the home of Mrs. Charles Hutchinson, No. 209 Orange street; Shakespeare section, tomorrow, at 2 o'clock, at the home of Mrs. W. E. Evans, No. 118 Orange street.

To Eliminate Illiteracy.

In response to a circular sent out by Miss Edith M. Hodgkins, district chairman of the department of education of the Federation of Women's Clubs, inviting the president and one member from each club of the city to a conference to consider the question of "Literacy," a meeting was held in the Teachers' clubrooms, Trinity Auditorium Building, last Friday afternoon. Miss Hodgkins announced that her department has taken up work for the elimination of illiteracy, and that three departments of the federation—the social and industrial conditions, country life and education—have united to co-operate in the work.

The object of the meeting was to initiate a local campaign. Mrs. Frank Gibson, State chairman of the social and industrial conditions department, told of the work now being carried on in other sections of the country along this line. Mrs. R. J. Sterrett, State chairman of the education department, told of conditions in California. Representing the Board of Education in behalf of Mrs. E. J. Waters, Mrs. Susan Dorsey told of work being done in Los Angeles schools.

It was moved and carried to appoint three committees—on co-operation with the Board of Education, on organization and on survey. The committee will meet on call of the chairman to hear reports from these sub-committees.

Among those present were: Mrs. H. A. Cable, Los Angeles district president; Mrs. R. J. Sterrett, State chairman of education; Mrs. Frank A. Gibson, State chairman of industrial and social conditions; Mrs. F. E. Wolfe, district chairman of social and industrial conditions; Miss Edith M. Hodgkins, district chairman of education; Mrs. Donald W. Skull, Ruskin Art Club; Mrs. W. B. Tiller, Wednesday Morning Club; Emma Biglow, College Woman's Club; Miss Emma Y. Henry, Averill Study Club; Mrs. Carle Macdonald, Woman's Auxiliary Railway Mail Association; Laura E. Phelps, M. D., and Miss Isabel M. Chose, Echo Park Association; Miss Mary Richards Gray, Scholastic Ball; Mrs. Blanche L. Vance, Los Angeles City Teachers' Club; and Mrs. E. S. Hodgson, Friday Morning Club.

Hear Talk on India.

The Hyeron Delphin Club met in the reading-room of the Bryn Mawr apartments at 10 o'clock Tuesday morning. During the period devoted to the study of the Panama-Pacific Exposition, the treasures from India in the Palace of Varied Industries, were reviewed by Mrs. David Nelson Bacon. Local color was given to this study by the presence of Mrs. Anthon, formerly of India, who delighted the Delphians by her talk on "Esoteric India," the Hindu woman, her position in the home, her power in the state, her influence by her religion.

Mrs. Anthon spent seven years in India as private secretary to a prince of the royal house of Hindustan. She has many delightful experiences to relate and a fund of information to impart to the most ardent.

Those who enjoyed the club meeting were: Mrs. J. R. Baird, Mrs. E. J. Brent, Miss Grayson Burbank, Mrs. A. M. Burnett, Mrs. Edgar E. Giles, Mrs. Givens, Mrs. H. J. Hauser, Mrs. S. S. Havermaile, Mrs. Kaul, Mrs. W. K. Kimball, Miss Alice Lusk, Mrs. E. W. Mitchellson, Mrs. E. S. Oakeley, Mrs. Osburn, Mrs. Powell, Mrs. F. L. Salza, Mrs. J. C. Rives, Mrs. F. B. Ranger, Mrs. Alice Ross, Mrs. Erwin Townley, Mrs. A. A. Schneider, Mrs. J. M. Schneider, Mrs. Roy Sealey, Mrs. A. W. Witsell, Mrs. Thorsen, Mrs. F. King, Mrs. Page, Mrs. C. C. Loomis, Mrs. B. E. Taney, Mrs. I. A. Vignolo, Mrs. McBride, Mrs. Lee, Miss Reel, Lon, Long Beach; Mrs. Tilden, Washington, D. C.; Miss Hart and Miss Greenwood.

South Pasadena W.L.A.

Nearly 200 delighted guests thronged the rooms of the clubhouse Friday evening, the occasion being the annual Halloween party of the organization. Mrs. H. Crandall, chairman of the club, presided, and Mrs. W. in charge of the arrangements for the affair. An orchestra was present to provide dance music for those who desired to indulge in that amusement. Card tables arranged on the balcony attracted many who did not care to dance.

Whittier.

At a meeting of the Pio Pico Club last week a committee was appointed to investigate and report as to the advisability of proceeding with building a house for the club. A site for a house has been offered the club, located near the intersection of the Whittier boulevard and the San Gabriel boulevard. It is understood that a considerable sum of money has been tentatively promised, and will be available if the club carries out the plans. The clubhouse, which is owned by Mrs. O. Edmonson and Mrs. Christiana, Tuesday evening held a Halloween jinks at the Christiana home.

San Bernardino.

Mrs. Seward Simons, president of the Friday Morning Club of Los Angeles, delivered an address at the opening of the San Bernardino club Wednesday afternoon, when the members also enjoyed a musical programme and a social afternoon. Mrs. Brooks Macracken, the new president, was in the chair, and seated with her on the stage were Mrs. Carroll Davis, secretary, and Mrs. R. F. Johnson, Henry Goodell, Clarence H. Johnson, Byron Allen, O. M. Cassano and S. S. Draper. The club women are planning a busy season under the leadership of Mrs. Macracken. Mrs. Ernest Eastwood, president of the piano solos and Mrs. Stella Ritter sang. At the conclusion of the programme tea was served.

Badger Club.

Wednesday will be special rally day of the Badger Club, held at Eboli Clubhouse at 2:30 o'clock. The following officers of the club will receive: Mrs. Harrison Ward, president, assisted by Mrs. Harry Slater, F. V. Badgely, Don M. Fage, Wesley Fletcher, Frank Waters, James P. Ormsby, Walter Way, William H. Baker, Leonard B. Sylvester, John Berryman, Louis A. Gould, Arthur L. Brie, R. H. Williams and the Misses Margaret Goetz, Grace Morgan and Mary McGovern.

The programme will be a costume musical, given by Misses Madeline Wadsworth, Grace Moran, Gertrude Rutland and Helen Fruhn, assisted by Misses Nellie Cockburn, Elsie Kohn, Gertrude Myra, Isabel Cotton, Leonora Montgomery and Martie and Agnes Mosher.

Sig. Donato Colafemina, tenor, will sing operatic selections, and Neapolitan songs in costume. Mrs. Gertrude Grosscup-Perkins and Helen Bruhn will be at the piano as accompanists.

P. T. A.

The L. A. Federation of the P.T.A. held its regular monthly meeting in the directors' room of the Security Trust and Savings Bank. Those present were Mrs. J. D. Taylor, E. H. Rice, A. L. Colby, Thomas J. Atchley, John Frederick, William Eckhardt, H. V. Davis, C. C. Noble, L. L. Farwell, Harvey Trowbridge, H. C. Terrill, E. H. Noe, H. L. Westbrook, Frank L. Shaffer, R. Rya, Herman S. Darling and Elizabeth McManis.

On Thursday next there will be a meeting in the Times assembly rooms beginning at 10:30 o'clock. The first hour will be devoted to business, after which there will be an address by Miss Grace Palmer, assistant superintendent of schools, on the "Value of Co-operation." Miss Britton will speak with "Children's Work in Our Public Library" as her topic. After lunch Miss Grace Adams will furnish a concert solo, and twenty-five Polk High girls will sing with violin and cello obligato.

The Vermont Avenue P.T.A. will hold its first meeting tomorrow when Rabbi Iddore Meyers will deliver an address on "Peace," followed by a musical programme.

The Forty-ninth street P.T.A. will hold its next meeting Wednesday, a special visiting day, when parents are invited to come early and see the classes at work.

L. A. City Teachers' Club.

This club has formed Child Welfare Committee, with a view to working with other organizations interested on these lines. Mrs. George Sinsbaugh of the Juvenile Protective Association wrote suggesting lines of investigation, and asking co-operation in the work of the association.

A swimming class has also been organized which promises to be very popular, a record attendance turning up at the first meeting.

The Programme Committee is busy formulating terms for the annual jinks to be held at the Eboli Club December 11.

The regular monthly executive meeting will be held today at 4 o'clock. The Membership Committee will meet Thursday, 4 o'clock.

UNDELIVERED TELEGRAMS.

There are telegrams at the Western Union office for Eduardo Arnold, H. E. Chiles, Mrs. Margaret, Fred Cutler, F. W. Collins, Mrs. Jennie Ferguson, H. W. Freudenberg, C. C. Jewett, Arthur W. Lewis, A. C. Neal, W. Pearson, Joseph Pross, O. Panders, Herbert H. Southwick, Oscar Strandburg, Mrs. A. B. Ward and T. H. Walker. At the postal for Alexander Kindred, Harry G. Jackson, A. S. Hogle, Howard I. W. Regar, John W. Francis, Mrs. Mary W. Ditchen, Aaron Cox, Mrs. Nora Proud, Mrs. J. W. Fox, Herbert Richard Vareschen and W. M. Burks.

Southward Jump.
NEW HOME READY FOR "DESMOND'S."
ATTRACTIVE SPRING-STREET BLOCK COMPLETED.
Building is of Colonial Type and as Modern as it is Unique—Firm Began Business on Plaza in Civil War Days—Has Kept Pace with the Growth of the City.

An event of interest in both business and building circles in Los Angeles is the completion of the new and greater "Desmond's" store on the west side of Spring street just north of Sixth. The structure, which is now receiving the finishing touches, will be occupied by the big clothing concern this week, the entire building being given over to the one business.

The 10-year lease under which C. Desmond early in the present year secured the site for the new store was one of the large real estate transactions of 1915, involving, as it did, the payment of a total rental consideration of \$1,400,000. The deal, which was handled through the agency of W. H. Daum, was reported exclusively in The Times.

Under the terms of the ground lease, the owner of the site, Madeline F. Willis, was obligated to build the handsome structure that has just been completed. The building, planned by A. C. Martin, is designed along colonial lines and is faced with polychrome terra cotta. The interior is in oak and mahogany. Semi-indirect lighting within and without is one of the features.

The store will be one of the most modern and up-to-date of its kind in the West, and will open with a full line of men's and boys' clothing, hats and furnishings, together with

women's dress accessories. Mr. Desmond will introduce many novel depertures in the way of management and methods. The move from the

present store at Third and Spring will be begun in a few days.

"Desmond's" was established in 1863 by Daniel Desmond, who came to

Los Angeles by boat in 1861, some years before the first railroad came to Southern California. He journeyed here from Lawrence, Mass., where he had been manager of the firm of Desmond Bros., manufacturers of

The destruction of their factory fire compelled Mr. Desmond to start anew and he came West.

When the first "Desmond's" started in the Plaza district Los Angeles was a pueblo of less than 10,000 inhabitants. In the store Mr. Desmond conducted a hat shop and said that the first hat made in California was manufactured in this establishment.

In 1879 Daniel Desmond moved quarters in the Temple block at Third and Raquina (now Market) streets. Here he continued until 1882, when he moved to No. 108 North Spring street, the center of business at that time in the town, which had jumped a population of 11,000. At this time Mr. Desmond's son, Cornelius Desmond, the present proprietor, and the business with his father.

The senior Desmond retired in 1900. C. Desmond, the next proprietor, had become a city of 50,000 and concern found it necessary to move to larger quarters. The next move was made to No. 141 South Spring street. At this time the business was enlarged to include clothing and furnishings.

From this site it is again to move southward, the business center of the city of over 100,000 now far from its original location.

TO SEVENTH AND SPRING.

Leslie B. Riggins, who has been leased in a general real estate office at 403 Haas Building, has secured a site at 501-503 Union Oil Building. Mr. Riggins will be in his new quarters tomorrow.
